Certificate of Achievement for Excellence in Financial Reporting

Presented to

Village of Glenview,
Illinois

For its Comprehensive Annual
Financial Report
for the Fiscal Year Ended
December 31, 1999

A Certificate of Achievement for Excellence in Financial Reporting is presented by the Government Finance Officers Association of the United States and Canada to government units and public employee retirement systems whose comprehensive annual financial reports (CAFRs) achieve the highest standards in government accounting and financial reporting.

Anne Spray Kinney
President

Jeffrey L. Esler
Executive Director

The Village of Glenview

June 21, 2001

Honorable President and
Members of the Board of Trustees
Citizens of the Village of Glenview

The comprehensive annual financial report of the Village of Glenview (the "Village") for the year ended December 31, 2000 is submitted herewith. This report represents a comprehensive picture of the Village's financial activities during 2000 and the financial condition of its various funds at December 31, 2000. Although formally addressed to the elected officials and citizens of Glenview, this financial report has numerous other users. Foremost among the other users are the bondholders of the Village, financial institutions, educational institutions and other governmental entities.

Responsibility for both the accuracy of the data presented as well as the completeness and fairness of the presentation, including all disclosures, rests with the Village. We believe the data, as presented, is accurate in all material respects; that it is presented in a manner designed to fairly set forth the financial position of the Village and the results of its operations as measured by the financial activity of its various funds; and that all disclosures necessary to enable the reader to gain the maximum understanding of the Village's financial affairs have been included.

The comprehensive annual financial report is presented in three sections: introductory, financial and statistical. The introductory section includes this transmittal letter, the Village's organizational chart and a list of principal officials. The financial section includes the general purpose financial statements, and the combining, individual fund and account group financial statements and schedules, as well as the independent auditor's report on the financial statements and schedules. The statistical section includes selected financial and demographic information, generally presented on a multi-year basis, as well as all continuing disclosures required by Securities Exchange Commission Rule 15c2-12.

The Reporting Entity and its Services

The Village of Glenview was incorporated in 1899 and operates under the council/manager form of government. It is a home rule municipality as defined by the Illinois Constitution. Located approximately 20 miles north of the City of Chicago, in Cook County, the Village occupies a land area of approximately 13 square miles and has a certified 2000 Census of 41,847. This figure represents an increase of 3,410 or 8.87% from the 1990 Census.

The Village provides a full range of general governmental services. Specifically, the Village provides police and fire protection, health services, water and sewer utilities, construction and maintenance of streets, code enforcement, planning and zoning, library services, and general administrative services.

The financial reporting entity of the Village of Glenview is comprised of all funds and account groups of the primary government (i.e., the Village of Glenview as legally defined) and its pension trust funds: the Glenview Police Pension Fund and the Glenview Firefighters' Pension Fund. These funds were determined to be pension trust funds due to their fiduciary and fiscal relationships with the Village as their sole purpose is to provide retirement benefits to the Village's sworn police officers and firefighters. The Glenview Public Library is included as a discrete presentation since it is governed by a separately elected board of trustees. No other legally separate entity qualifies as a component unit of the Village.

Economic Condition and Outlook

There are several measures of economic health for local governments. Perhaps four of the more objective measures or indicators are local employment levels, retail sales activity, family income levels and construction activity.

Employment levels in the Village have always surpassed that of Cook County and the State of Illinois as a whole. As of December 31, 2000 the Village's unemployment rate was 2.5%, compared to 4.7% for Cook County and 4.5% for the State of Illinois.

Retail sales within the Village totaled \$652 million for 2000. This represents an increase of \$77 million, or 13.4%, from 1999. The Village expects retail sales to continue to grow as additional retail space, currently under construction, comes on line.

Median family income figures from the 1990 Census show that the average income of Glenview residents far exceeds county and state averages. According to the Census Bureau, Glenview's 1990 median family income was \$67,412, compared to \$38,664 for the State and \$35,225 for the United States. This ranked Glenview as the fifth wealthiest community in the State of Illinois amongst communities with populations over 25,000. (The Village also ranked fifth in terms of median household income and fourth in per capita income when compared to these same communities.)

For many years, there was no substantial new commercial or residential construction activity as little vacant land was available for development. However, construction activity has increased dramatically as the 1,100 acre former Glenview Naval Air Station, ("The Glen") develops. Within the whole Village during 2000, there were 18 new commercial developments constructed, with a total value of \$33 million and 223 new residential housing permits issued.

Major Initiatives

For the Year

2000 was another year of significant advances in the Village's efforts to redevelop The Glen. The Navy and the Village came to agreement on the Economic Development Conveyance of the Navy base in 1998 and in light of the land use plan, and the massive infrastructure improvements needed to achieve that plan, the Village will have acquired the 1,100 acre base property for approximately \$2.1 million. As of December 31, 2000, more than 1,000 acres had been deeded to the Village. The remainder of the property will be transferred to the Village once the Navy completes all required environmental clean-up, which is anticipated to occur by the end of 2001. Construction began in 1998 on the initial infrastructure improvements and is expected to continue into 2003. In addition, in 1998, the Village established a Tax Increment Financing District ("TIF" or "District") which encompasses The Glen. The TIF was created as a risk management tool to facilitate the redevelopment of the District. It is the Village's intent to close the District when the costs associated with the redevelopment have been fully addressed.

As a result of the extensive work to develop a database of 1,200 marketing contacts, RFP's were received from 57 developer groups in 1998 on the parcels offered for development. Following analysis of the bids received, it was determined that all parcels received multiple bids from qualified developers. Negotiations were concluded with developers resulting in the receipts of \$85 million in land sales in 1999 and \$42 million during 2000. During 1999 the Village established the Village Permanent Fund. The Village transfers 20% of the Land Sales proceeds into this fund for Village wide improvements as well as providing liquidity to the TIF project in the near term.

For the Future

2001 is expected to be another active year relative to the redevelopment of The Glen with approximately \$85 million of infrastructure construction scheduled. The Redevelopment staff has been negotiating with developers on the remaining parcels and it is anticipated that the balance of the parcels will be sold in 2001. The focus during the year will be on the activities surrounding the development of the Mixed Use Retail Center ("MURC") and working with developers to secure the optimal business mix.

During 2001 the Village will begin the process to update its Comprehensive Plan. It is anticipated that this process will take 15 to 18 months and will provide the Village with a context for future development throughout the Village. Other notable projects for 2001 include: the purchase and installation of a new phone system for all operating departments; a space utilization study to determine the most efficient means to address the needs of the Police Department and Village Hall; the establishment of a Fire Communications Center to handle fire and EMS calls and wireless 9-1-1 calls; the design and construction of two additional fire stations to ensure appropriate response times throughout the Village; and the implementation of new software to assist the Development Department in its permitting function.

Financial Information

Management of the Village is responsible for establishing and maintaining internal controls designed to ensure that the assets of the Village are protected from loss, theft or misuse, and to ensure that adequate accounting data is compiled to allow for the timely preparation of financial statements in conformity with generally accepted accounting principles.

Internal controls are designed to provide reasonable, but not absolute, assurance that these objectives are met. The concept of reasonable assurance recognizes that: (1) the cost of a control should not exceed the benefits likely to be derived; and (2) the valuation of the costs and benefits requires estimates and judgements by management.

Budgetary Control

The objective of budgetary controls is to ensure compliance with legal provisions embodied in the annual budget adopted by the Village's governing body. The budget covers activities of the general, special revenue, debt service, enterprise, internal service and certain capital and fiduciary funds. All appropriations lapse at year end, but open purchase orders are usually re-budgeted for in the subsequent year.

The level of budgetary control, that is, the level at which expenditures cannot exceed the budgeted amount, is established at the fund level. The Village maintains an encumbrance accounting system for the governmental and proprietary funds as one method of accomplishing budgetary controls. Encumbrances outstanding at year end, if any, are reported as a reservation of fund balance since they do not constitute expenditures or liabilities.

General Government Functions

The following table presents a summary of revenues available for general governmental functions (the General, Special Revenue, Debt Service Funds and component unit - Library Funds) for the year ended December 31, 2000 with comparisons to the previous year.

Revenues	2000 Amount	Percent of Total	Increase (Decrease) From 1999	Percent Increase (Decrease)
Property Taxes	\$11,467,708	30.89%	\$1,139,631	11.03%
Other Taxes	4,642,902	12.51	224,436	5.08
Total Taxes	16,110,610	43.40	1,364,067	9.25
Licenses and Permits	1,737,399	4.68	503,719	40.83
Intergovernmental	14,394,795	38.78	942,570	7.01
Charges for Services	2,827,288	7.62	535,073	23.34
Fines and Forfeits	284,949	0.77	(59,368)	(17.24)
Interest Earnings	1,133,248	3.05	(794)	(.07)
Miscellaneous	633,626	1.71	(888,737)	(58.38)
Total Revenues	\$37,121,915	100.00%	\$2,396,530	6.90%

Total general governmental revenues for the year amounted to \$37,132,334. This represents an increase of \$2,406,949 or 6.93 % over 1999.

Property tax revenues for general governmental purposes are reflect an increase of \$1,139,631, or 11.03 %.

Other tax revenues totaled \$4,642,902, representing an increase of \$224,436 or 5.08%. The most significant components of Other Taxes are the Utility Tax, which amounted to \$3,712,583, an increase of 13.97%, and the Hotel Tax, which generated \$872,019, and increase of 8.58%. The increase in the utility tax receipts are somewhat misleading as the areas' major electric utility was unable to generate actual bills for most of 1999 and instead was making payments based on prior year averages. The utility remedied this problem and began issuing actual bills in January 2000, but the basis for comparison suspect.

Revenue from the sale of licenses and permits totaled \$1,737,399, an increase of \$503,719, or 40.83% compared to 1999. Building permit revenue totaled \$1,420,971, an increase of \$453,160 from 1999. While a majority of the permit revenue is associated with development at The Glen, a significant portion is attributable to building activity elsewhere within the Village and an indicator of the areas strong economy.

Intergovernmental revenues increased \$942,570 to \$14,394,795, an increase of 7.01% over 1999. The largest single component of increase in this revenue category is Sales Tax which totaled \$6,522,922, an increase of \$764,305 or 13.27% over 1999. Income Tax, the next largest component, totaled \$2,990,432, an increase of 9.13%. Other significant components of revenue in this category are payments from the Glenbrook Fire Protection District for fire protection and EMS service which totaled \$1,968,076, down \$155,916 or 7.34%, and Motor Fuel Tax at \$1,141,541, which saw an increase of \$188,653 or 19.79% due to higher fuel prices.

Charges for Services totaled \$2,827,288, an increase of 23.34% compared to 1999. The largest component of this revenue category is Engineering fees which increased from \$382,103 in 1999 to \$781,081 in 2000. The cause for this significant increase is attributable to the Engineering portion of the development and infrastructure work at The Glen.

Interest earnings in those funds providing general governmental functions totaled \$1,133,218, a decrease of \$794. Following is a breakdown of investment earnings by fund type:

Fund Type	2000 Interest Earnings	1999 Interest Earnings	Increase (Decrease)
General	\$665,382	\$478,582	\$186,800
Special Revenue	91,003	75,044	15,959
Debt Service	275,904	474,188	(198,284)
Library Component Unit	100,959	106,228	(5,269)
TOTAL	\$1,133,248	\$1,134,042	(\$ 794)

The increase in interest earnings for the General Fund and Special Revenue Fund can be attributed to closer monitoring of short term cash with the implementation of new investment monitoring software, while the decrease for the debt service funds can be attributed to the fact that capitalized interest which generated interest earnings in prior years has been expended, leaving fewer dollars available for investment.

Miscellaneous revenues totaled \$633,626 for 2000, a decrease of \$888,737 from 1999. Included in the 1999 amount was \$531,593 which was attributable to land sales (unrelated to The Glen).

Following is a table showing expenditures by service area with comparisons to the previous year for the general, special revenue, debt service and component unit (Library) funds:

Expenditures	2000 Amount	Percent of Total	Increase (Decrease) from 1999	Percent Increase (Decrease)
General Government	\$12,789,380	30.67%	\$3,450,485	36.95%
Public Safety	13,564,127	32.53	955,849	7.58
Highways and Streets	5,382,953	12.91	(381,494)	(6.62)
Pensions	1,403,581	3.37	46,791	3.45
Culture and Recreation	3,488,166	8.37	260,293	8.06
Debt Service	5,069,881	12.15	(21,152,110)	(80.67)
Total Expenditures	\$41,698,088	100.00%	\$16,820,186)	(28.74%)

Total expenditures for general governmental functions in 2000 were \$41,698,088, a decrease of \$16,820,186 or 28.74% over 1999. As explained further below, the primary cause of the decrease in the governmental function expenditures can be attributed to reduced debt service payments related to the redevelopment of The Glen.

General governmental expenditures totaled \$12,789,380, an increase of \$3,450,485 or 36.95%. There are two primary causes for this huge increase, the first, a one-time event, was the purchase of a parcel of property at a cost of \$2,375,000, the second was the initial activity associated with the Special Tax Allocation Fund which amounted to \$1,108,986. This fund will exist until the TIF District is dissolved.

Expenditures in the Public Safety category totaled \$13,564,127, an increase of \$955,849, or 7.58%, and is primarily due to the addition of personnel and the progression of employees on the step-plan.

Expenditures in the highways and streets category totaled \$5,382,953 in 2000, a decrease of \$381,494, or 6.62% compared to 1999.

Debt service expenditures amounted to \$5,069,881, compared to \$26,221,991 in 1999. Of the total expenditures for 1999, \$22.1 million was for the two bond issues related to the redevelopment of The Glen; the Series 1995 Bond Anticipation Bonds and the Series 1996 General Obligation Bonds. The final principal payment on the Series 1995 Bond Anticipation Bond issue amounted to \$20.0 million in 1999.

General Fund Balance

The General Fund ended 2000 with a deficiency of revenues and other financing sources over expenditures and other financing uses of \$1,312,955. This brought the undesignated fund balance to \$10,844,349 at December 31, 2000, the equivalent of 34.7% of actual 2000 expenditures and transfers.

Enterprise Operations

The Village has five enterprise operations accounted for in its financial statements, those being the Waterworks Fund, the Wholesale Water Fund, the Sewerage Fund, the North Maine Water and Sewer Fund and the Commuter Parking Lot Fund.

The Waterworks Fund recorded net income of \$38,629 for the year ended December 31, 2000. The financial condition of the fund remains strong, with cash and investments totaling \$2,516,757.

The Wholesale Water Fund recorded a net loss of \$25,848 for the year, resulting in retained earnings of \$733,552.

The North Maine Water and Sewer Fund recorded a net loss of \$311,730 for 2000. Of this amount \$249,857 is the result of a one-time write-down of receivables associated with the purchase of the system. The Fund ended the year with cash and investments of \$920,567.

The Sewerage Fund recorded a net loss of \$92,383 for 2000 and ended the year with cash and investments of \$436,281.

Finally, the Commuter Parking Lot Fund recorded net income of \$46,050 for 2000 and ended the year with cash and investments of \$719,617. Of the cash and investment total, \$500,000 is a grant from METRA to be used for the construction of the new train station at The Glen.

Employee Pensions

Police sworn personnel are covered by the Police Pension Fund and sworn firefighters are covered by the Firefighters' Pension Fund. Both of these plans are defined benefit, single-employer plans administered by local boards of trustees. The benefits and employer and employee contributions are governed by state statutes.

During 2000, the Village retained the services of independent actuary to perform an actuarial valuation on the police and firefighter pension plans as of December 31, 1999. Following is summary information for the two funds:

	Police Pension Fund	Firefighters' Pension Fund
Actuarial Accrued Liability - 12/31/99	\$25,769,884	\$34,999,514
Value of Plan Assets - 12/31/99	\$25,629,270	\$36,747,302
Percent Funded - 12/31/99	99.45%	104.99%
Change in Net Assets FYE 12/31/00	\$3,527,905	\$3,419,586
Value of Net Assets - 12/31/00	\$29,157,175	\$40,166,889

In 1993 the State of Illinois increased the benefits provided to police and firefighter pension fund beneficiaries. The changes increased the pension benefit obligation of both funds, but especially that of the police pension fund where a provision was made to compound annual increases in pension benefits. Municipalities have until the year 2033 to fully fund their police and firefighter pension plans. The increase in asset value can be attributed to the net appreciation in fair value of investments in the Pension Trust Funds. The decrease was particularly reflective of the reduction in market value of the long term Treasury zero coupon Bonds held in both funds. The purpose of "marking to market" is to show the value of a fund at a given point in time. Practically however, as these funds do not have cash flow problems which would require liquidating positions, these losses are only for reporting purposes.

All other employees of the Village who work at least 1,000 hours per year are covered by the Illinois Municipal Retirement Fund, ("IMRF") a state-wide pension plan. IMRF acts as the administrative agent for local governments in Illinois. Benefit provisions and funding requirements are established by state statute. At December 31, 2000 the Village was 112.33% funded in IMRF.

Debt Administration

In December, 1999 the Village issued \$4,970,000 of general obligation debt for various infrastructure improvements throughout the Village. At that time, Moody's Investors Service affirmed the Village's Aaa general obligation bond rating assigned in 1993.

At December 31, 2000 the Village had \$62,930,000 of general obligation bonds outstanding. Of this amount, \$55,090,000 is reflected in the general long-term debt account group and \$7,840,000 is recorded directly in three enterprise funds. There was also \$2,615,192 of general obligation notes outstanding at December 31, 2000.

At December 31, 2000 there was \$2,431,244 available in the various debt service funds for the payment of principal and interest, resulting in a net bonded debt of \$52,658,756. The ratio of net bonded debt to assessed value and the amount of net bonded debt per capita are useful indicators of a municipality's debt position. This data as of December 31, 1999 is as follows:

Net General Obligation Debt	\$52,658,756
Ratio of Net Debt to Assessed Value	4.13%
Ratio of Net Debt to Actual Value	1.38%
Net Debt Per Capita	\$1,258

Additional information about the Village's outstanding debt can be found in the notes to the financial statements and the statistical section of this report.

Property Tax Information

The county assessors' offices are responsible for determining the assessed value of real property utilizing market values and established assessment ratios in Illinois. The State of Illinois then assigns an equalization factor to each county in an attempt to get all properties in the state assessed at approximately 33% of market value. Property taxes are based upon the equalized assessed value (EAV) of all taxable properties. A government's tax rate is determined by dividing its tax levy into its total EAV, adjusting for any rate limitations which might be applicable.

At the time this report was prepared, information regarding the tax rates and assessed values for the 2000 tax levy year were not yet available. The Village's 1999 total equalized assessed valuation was \$1,243,991,673, a 7.2% increase from the 1998 levy year. The Village's and the Library-component unit's combined tax rate increased from \$0.9251 for 1998 to \$0.9464 for 1999. While the rate for the Library decreased from \$0.2684 to \$0.2628 as the Library did not

increase its levy amount, the Village's levy increased from \$0.6567 to \$0.6836 as the Village decided to increase its investment in infrastructure improvements by \$600,000.

Following is a summary of the Village's tax rates for the past three years:

Fund	1999	1998	1997
General Fund	\$.4513	\$.4092	\$.4572
Special Revenue Funds	.0439	.0484	.0554
Debt Service Funds	.1526	.1529	.1663
Pension Trust Funds	.0358	.0462	.0555
Subtotal - Village	.6836	.6567	.7344
Library	.2628	.2684	.3036
Total Combined Tax Rate	\$.9464	\$.9251	\$1.0380

Additional information regarding the Village's tax rates, assessed values and tax collections can be found in the statistical section of this report.

Cash Management

The Village's policy regarding cash management is based upon the realization that there is a time value to money. A high priority is placed on procedures to ensure that monies due the Village are collected and deposited as promptly as possible. Disbursements are closely controlled.

Of equal importance is the emphasis on the management of the Village's investment portfolio. All idle cash is invested in accordance with an established investment policy. The investment policy establishes safety of principal as the foremost objective. The policy provides for full collateralization of all deposits in excess of FDIC limits. The Village is not permitted to leverage its portfolio or invest in risky derivatives. All of the Village's Deposits and Investments are "Category 1" meaning that all Deposits are covered by federal depository insurance, or by collateral held by the Village, or its agent, in the Village's name and all Investments are insured or registered or are held by the Village, or its agent, in the Village's name.

Following is a summary of total investment earnings and weighted average yields for each of the various fund types:

Fund Type	Investment Income Year Ended 12/31/00	Average Yield
General Fund	\$ 665,382	6.24%
Special Revenue Funds	91,003	5.98
Debt Service Funds	275,904	5.29
Capital Project Funds	5,021,621	6.04
Enterprise Funds	283,645	5.92
Internal Service Funds	129,888	6.21
Expendable Trust Funds	226,099	6.16
Totals	\$6,693,542	6.22%

Risk Management

The Village maintains a protected risk retention program for property, casualty, and workers compensation claims. Health insurance for employees and retirees is provided through a public entity risk pool. Aggregate umbrella liability coverage is provided through the Village's membership in the High-level Excess Liability Pool, another public entity risk pool.

The Village's insurance activity is accounted for in an internal service fund. For the year ended December 31, 2000 the Insurance Fund reported a net loss of \$113,749. Retained earnings at December 31, 2000 amounted to \$3,733,331.

Other Information

Independent Audit

State statutes require an annual audit by independent certified public accountants. The accounting firm of Crowe, Chizek and Company LLP performed the audit on the Village's 2000 financial statements. The independent auditors' report is included in the financial section of this report. The auditors have given this report an unqualified opinion, meaning that the financial statements fairly present the Village's financial position at December 31, 2000, and the results of operations for the year then ended.

Awards

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the Village of Glenview for its comprehensive annual financial report (CAFR) for the fiscal year ended December 31, 1999. The Certificate of Achievement is a prestigious national award recognizing conformance with the highest standards for preparation of state and local government financial reports.

In order to be awarded a Certificate of Achievement, a government must publish an easily readable and efficiently organized comprehensive annual financial report, whose contents conform to program standards. The CAFR must satisfy both generally accepted accounting principles and applicable legal requirements.

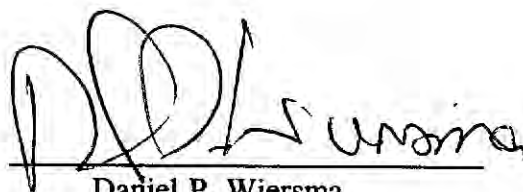

A Certificate of Achievement is valid for a period of one year only. The Village of Glenview has received a Certificate of Achievement for the last eighteen consecutive years (fiscal years ended 1982-1999). We believe our current report continues to conform to the Certificate of Achievement program requirements, and will be submitting it to GFOA.

Acknowledgments

The preparation of the comprehensive annual financial report on a timely basis was made possible by the dedicated service of the entire staff of the Finance Department. Each member of the Department has my sincere appreciation for the contributions made in the preparation of this report. In particular, I would like to acknowledge the excellent work of Harry Sakai, Assistant Finance Director, for his efforts in compiling the mountain of data necessary to complete this report.

Finally, appreciation is expressed to the Village President and Board of Trustees and the Village Manager for their leadership and support in planning and conducting the fiscal affairs of the Village in a responsible manner.

Respectfully submitted,

A handwritten signature in black ink, appearing to read "D. P. Wiersma", written over a horizontal line.

Daniel P. Wiersma
Director of Finance

REPORT OF INDEPENDENT AUDITORS

CROWE CHIZEK

REPORT OF INDEPENDENT AUDITORS

The Honorable Village President
Members of the Board of Trustees
Village of Glenview, Illinois

We have audited the accompanying general purpose financial statements and the combining, individual fund, and account group financial statements of the Village of Glenview, Illinois, as of and for the year ended December 31, 2000, as listed in the accompanying table of contents, and the general fund balance sheet as of December 31, 1999, and the related statement of revenues, expenditures, and changes in fund balance for the year ended December 31, 1999. These financial statements are the responsibility of the Village of Glenview, Illinois' management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with generally accepted auditing standards. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the general purpose financial statements referred to above present fairly, in all material respects, the financial position of the Village of Glenview, Illinois, as of December 31, 2000, and the results of its operations and the cash flows of its proprietary fund types for the year then ended in conformity with generally accepted accounting principles. Also, in our opinion, the combining, individual fund, and account group financial statements referred to above present fairly, in all material respects, the financial position of each of the individual funds and account groups of the Village of Glenview, Illinois, as of December 31, 2000, and the results of operations of such funds and the cash flows of individual proprietary funds for the year then ended and the financial position of the General Fund as of December 31, 1999, and the results of operations of the General Fund for the year then ended, in conformity with generally accepted accounting principles.

Our audit was made for the purpose of forming an opinion on the general purpose financial statements taken as a whole and on the combining, individual fund, and account group financial statements. The accompanying financial information listed as supplemental and schedules in the accompanying table of contents and the analysis of funding progress and employer contribution information on pages 44 to 49 is presented for purposes of additional analysis and is not a required part of the financial statements of the Village of Glenview, Illinois. Such information has been subjected to the auditing procedures applied in the audits of the general purpose, combining, individual fund, and account group financial statements and, in our opinion, is fairly presented in all material respects in relation to the general purpose financial statements and each of the combining, individual fund, and account group financial statements taken as a whole.

The introductory and statistical information listed in the table of contents was not audited by us, and accordingly, we do not express an opinion thereon.

VILLAGE OF GLENVIEW, ILLINOIS

Notes to Financial Statements
December 31, 2000

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of the Village of Glenview, Illinois (Government) have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to government units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The more significant of the Government's accounting policies are described below.

Reporting Entity: The Government is a municipal corporation governed by an elected seven-member board. As required by generally accepted accounting principles, these financial statements present the Government (the primary government) and its component units.

The Government's financial statements include pension trust funds:

Police Pension Employees Retirement System

The Government's police employees participate in the Police Pension Employees Retirement System (PPERS). PPERS functions for the benefit of these employees and is governed by a five-member pension board consisting of two members appointed by the Government's President, one elected pension beneficiary, and two elected police. The Government and PPERS participants are obligated to fund all PPERS costs based upon actuarial valuations. The State of Illinois is authorized to establish benefit levels and the Government is authorized to approve the actuarial assumptions used in the determination of contribution levels. Although it possesses many of the characteristics of a legally separate government, the PPERS is reported as if it were part of the primary government because its sole purpose is to finance and administer the pensions of the Government's police employees and because of the fiduciary nature of such activities. The PPERS is reported as a pension trust fund.

Firefighters' Pension Employees Retirement System

The Government's firefighters participate in the Firefighters' Pension Employees Retirement System (FPERS). FPERS functions for the benefit of these employees and is governed by a nine-member pension board consisting of the Government's President, Treasurer, Clerk, Attorney, and Fire Chief; one elected pension beneficiary; and three elected fire employees. The Government and FPERS participants are obligated to fund all FPERS costs based upon actuarial valuations. The State of Illinois is authorized to establish benefit levels and the Government is authorized to approve the actuarial assumptions used in the determination of contribution levels. Although it possesses many of the characteristics of a legally separate government, the FPERS is reported as if it were part of the primary government because its sole purpose is to finance and administer the pensions of the Government's firefighters and because of the fiduciary nature of such activities. The FPERS is reported as a pension trust fund.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Basis of Accounting: (Continued)

All proprietary funds and pension trust funds are accounted for on a flow of economic resources measurement focus. With this measurement focus, all assets and all liabilities associated with the operation of these funds are included on the balance sheet. Proprietary fund-type fund equity (i.e., net total assets) is segregated into contributed capital and retained earnings components. Proprietary fund-type operating statements present increases (i.e., revenues) and decreases (i.e., expenses) in net total assets.

The modified accrual basis of accounting is used by all governmental fund types, expendable trust funds, and agency funds. Under the modified accrual basis of accounting, revenues are recognized when susceptible to accrual (i.e., when they become both measurable and available). "Measurable" means the amount of the transaction can be determined and "available" means collectible within the current period. The Government recognizes property taxes when they become both measurable and available in accordance with GASB Codification Section P70. A one-year availability period is used for revenue recognition for all other governmental fund revenues. Expenditures are recorded when the related fund liability is incurred. Principal and interest on general long-term debt are recorded as fund liabilities when due or when amounts have been accumulated in the debt service fund for payments to be made early in the following year.

Those revenues susceptible to accrual are property taxes, franchise taxes, licenses, interest revenue, and charges for services. Sales, income, and motor fuel taxes and fines collected and held by the state at year end on behalf of the Government also are recognized as revenue. Permit revenues are not susceptible to accrual because, generally, they are not measurable until received in cash.

The accrual basis of accounting is utilized by proprietary fund types, pension trust funds, and nonexpendable trust funds. Under this method, revenues are recorded when earned and expenses are recorded at the time liabilities are incurred.

The Government reports deferred revenue on its combined balance sheet. Deferred revenues arise when a potential revenue does not meet both the "measurable" and "available" criteria for recognition in the current period. Deferred revenues also arise when resources are received by the Government before it has a legal claim to them, as when grant monies are received prior to the incurrence of qualifying expenditures. In subsequent periods, when both revenue recognition criteria are met or when the Government has a legal claim to the resources, the liability for deferred revenue is removed from the combined balance sheet and revenue is recognized.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Budgets: Budgets are adopted on a basis consistent with generally accepted accounting principles. Annual appropriated budgets are adopted (at the fund level) for the General, Special Revenue (except the Special Tax Allocation Fund), Debt Service, and Capital Projects Funds (except the 2000 Project Fund) on the modified accrual basis and for the Enterprise, Internal Service, and Pension Trust Funds on the accrual basis. The annual appropriated budget is legally enacted and provides for a legal level of control at the fund level. All annual appropriations lapse at fiscal year end.

During the current year, budgets were not adopted for the following funds:

Special Revenue Funds:
 Special Tax Allocation Fund
Capital Projects Funds:
 2000 Project Fund

The source of revenue and nature of expenditures for these funds are not subject to prediction, and therefore, budgets were not adopted. Budget and actual comparisons for the Capital Projects Funds exclude the aforementioned funds.

The following is a reconciliation of the Capital Projects and Special Revenue Funds presented on a budgetary basis to the GAAP basis presentation:

	<u>Capital Projects Funds</u>	<u>Special Revenue Funds</u>
Fund Balances - Budgeted Funds, at December 31, 2000		
Non-GAAP Basis	\$ 102,780,818	\$ 2,242,647
Nonbudgeted Fund Balances		
Special Tax Allocation	-	3,477
2000 Project	4,892,418	-
	4,892,418	3,477
Fund Balances, at December 31, 2000		
GAAP Basis	\$ 107,673,236	\$ 2,246,124

(Continued)

VILLAGE OF GLENVIEW, ILLINOIS

Notes to Financial Statements
December 31, 2000

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Budgets: (Continued)

The Government does not record encumbrances.

Cash and Investments: For purposes of the statement of cash flows, the Government's proprietary fund types consider all highly liquid investments with an original maturity of three months or less when purchased to be cash equivalents.

Investments: In accordance with Government Accounting Standard Board Statement No. 31, all investments are stated at fair value.

Short-Term Interfund Receivables/Payables: During the course of operations, numerous transactions occur between individual funds for goods provided or services rendered. These receivables and payables are classified as "due from other funds" or "due to other funds" on the balance sheet. Short-term interfund loans, if any, are classified as "interfund receivables/payables."

Inventories: Inventories are valued at cost, which approximates market, using the first-in/first-out (FIFO) method. The costs of governmental fund-type inventories are recorded as expenditures when consumed rather than when purchased.

Prepaid Items/Expenses: Payments made to vendors for services that will benefit periods beyond the date of this report are recorded as prepaid items/expenses.

Fixed Assets: General fixed assets are not capitalized in the funds used to acquire or construct them. Instead, capital acquisition and construction are reflected as expenditures in governmental funds, and the related assets are reported in the general fixed assets account group. All purchased fixed assets are valued at cost where historical records are available and at an estimated historical cost where no historical records exist. Donated fixed assets are valued at their estimated fair value on the date received.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend asset lives are not capitalized. Improvements are capitalized and depreciated over the remaining useful lives of the related fixed assets, as applicable.

Public domain ("infrastructure") general fixed assets consisting of roads, bridges, curbs and gutters, streets and sidewalks, drainage systems, and lighting systems are not capitalized, as these assets are immovable and of value only to the Government.

(Continued)

VILLAGE OF GLENVIEW, ILLINOIS

Notes to Financial Statements
December 31, 2000

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Fixed Assets: (Continued)

Assets in the general fixed assets account group are not depreciated. Depreciation of buildings, equipment, water/sewer systems, and vehicles in the proprietary fund types is computed using the straight-line method.

Interest is capitalized on proprietary fund assets acquired with tax-exempt debt. The amount of interest to be capitalized is calculated by offsetting interest expense incurred from the date of the borrowing until completion of the project with interest earned on invested proceeds over the same period.

Compensated Absences: Vested or accumulated vacation leave that is expected to be liquidated with expendable available financial resources is reported as an expenditure and a fund liability of the governmental fund that will pay it. Vested or accumulated vacation leave of proprietary funds is recorded as an expense and liability of those funds as the benefits accrue to employees.

Long-Term Obligations: Long-term debt is recognized as a liability of a governmental fund when due or when resources have been accumulated in the debt service fund for payment early in the following year. For other long-term obligations, only that portion expected to be financed from expendable available financial resources is reported as a fund liability of a governmental fund. The remaining portion of such obligations is reported in the general long-term debt account group. Long-term liabilities expected to be financed from proprietary fund operations are accounted for in those funds.

Fund Equity: Contributed capital is recorded in proprietary funds that have received capital grants or contributions from developers, customers, or other funds. Reserves represent those portions of fund equity not appropriable for expenditure or legally segregated for a specific future use. Designated fund balances represent tentative plans for future use of financial resources.

Bond Discounts/Issuance Costs: In governmental fund types, bond discounts and issuance costs are recognized in the current period. Bond discounts and issuance costs for proprietary fund types are deferred and amortized over the term of the bonds using the bonds-outstanding method, which approximates the effective interest method. Bond discounts are presented as a reduction of the face amount of bonds payable, whereas issuance costs are recorded as deferred charges.

(Continued)

VILLAGE OF GLENVIEW, ILLINOIS

Notes to Financial Statements
December 31, 2000

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Interfund Transactions: Quasi-external transactions are accounted for as revenues, expenditures, or expenses. Transactions that constitute reimbursements to a fund for expenditures/expenses initially made from it that are properly applicable to another fund are recorded as expenditures/expenses in the reimbursing fund and as reductions of expenditures/expenses in the fund that is reimbursed.

All other interfund transactions, except quasi-external transactions and reimbursements, are reported as transfers. Nonrecurring or nonroutine permanent transfers of equity are reported as residual equity transfers. All other interfund transfers are reported as operating transfers.

Memorandum Only - Total Columns: Total columns on the general-purpose financial statements are captioned "memorandum only" to indicate that they are presented only to facilitate financial analysis. Data in these columns do not present financial position or results of operations in conformity with generally accepted accounting principles. Neither are such data comparable to a consolidation. Interfund eliminations have not been made in the aggregation of this data.

Comparative Data: Comparative total data for the prior year have been presented in selected sections of the accompanying financial statements in order to provide an understanding of changes in the Government's financial position, operations, and cash flows. There have been some reclassifications between individual lines in the prior year columns in order to present more comparable data.

GASB Pronouncements: The Government has elected, under the provisions of GASB Statement 20, titled "Accounting and Financial Reporting for Proprietary Funds and Other Governmental Entities That Use Proprietary Fund Accounting," to apply all applicable GASB pronouncements and all FASB Statements and Interpretations, Accounting Principles Board (APB) Opinions, and Accounting Research Bulletins (ARB) issued on or before November 30, 1989, unless they conflict with or contradict GASB pronouncements.

NOTE 2 - LEGAL COMPLIANCE AND ACCOUNTABILITY

Budgets: All departments of the Government submit requests for appropriation to the Government's manager so that a budget may be prepared. The budget is prepared by fund and includes information on the past year, current year estimates, and requested appropriations for the next fiscal year.

(Continued)

VILLAGE OF GLENVIEW, ILLINOIS

Notes to Financial Statements
December 31, 2000

NOTE 2 - LEGAL COMPLIANCE AND ACCOUNTABILITY (Continued)

Budgets: (Continued)

The proposed budget is presented to the governing body for review. The governing body holds public hearings and may add to, subtract from, or change appropriations, but may not change the form of the budget.

The manager is authorized to transfer budgeted amounts between departments within any fund; however, any revisions that alter the total expenditures of any fund must be approved by the governing body.

Expenditures may not legally exceed budgeted appropriations at the fund level. During the year, a supplementary appropriation was necessary.

Deficit Fund Balances of Individual Funds: The following funds had a deficit in fund balance/retained earnings as of the date of this report:

<u>Fund</u>	<u>Deficit Balance</u>
North Maine Water and Sewer	\$ 421,839
Corporate Purpose Bond Series of 2000	800

Excess of Actual Expenditures/Expenses Over Budget in Individual Funds: The following funds had an excess of actual expenditures/expenses (exclusive of depreciation and amortization) over budget for the fiscal year:

<u>Fund</u>	<u>Excess</u>
Illinois Municipal Retirement	\$ 15,007
Corporate Purpose Bond Series of 2000	800
Glen Land Sales	1,340,085
2000 Project	78,340
Wholesale Water	45,819
Municipal Equipment Repair	69,033
Insurance	343,245

NOTE 3 - DEPOSITS AND INVESTMENTS

The Government maintains a cash and investment pool that is available for use by all funds, except the pension trust funds. Each fund type's portion of this pool is displayed on the combined balance sheet as "cash and investments." In addition, investments are separately held by several of the Government's funds. The deposits and investments of the pension trust funds are held separately from those of other funds. Cash on hand of \$4,332 for the primary government and \$950 for the component unit has been excluded from the amounts shown below.

NOTE 3 - DEPOSITS AND INVESTMENTS (Continued)

Investments: (Continued)

The pension trust funds own 4 percent of the investments in Category 1.

Component Unit

	Category			Totals
	<u>1</u>	<u>2</u>	<u>3</u>	
Corporate bonds	\$ 865,522	\$ -	\$ -	\$ 965,522
U.S. Agency securities	<u>500,000</u>	<u>-</u>	<u>-</u>	500,000
	<u>\$ 1,465,522</u>	<u>\$ -</u>	<u>\$ -</u>	1,465,522
*# The Illinois Funds				<u>68,593</u>
Total investments				<u>\$ 1,534,115</u>

* Not subject to risk categorization

The fair value of the position in the external pool is the same as the value of the pool shares and it is SEC registered.

NOTE 4 - RECEIVABLES - TAXES

Property taxes for 2000 attach as an enforceable lien on January 1, 2000 on property values assessed as of the same date. Taxes are levied by December of the fiscal year (by passage of a Tax Levy Ordinance). Tax bills are prepared by the County and issued on or about February 1, 2000 and August 1, 2000 and are payable in two installments, on or about March 1, 2000 and September 1, 2000. The County collects such taxes and remits them periodically. The allowance for uncollectible taxes has been stated at 2% of the tax levy, to reflect actual collection experience.

General Fixed Assets Account Group: The following is a summary of changes in the general fixed assets account group during the fiscal year:

<u>Primary Government</u>	<u>Balances</u> <u>January 1</u>	<u>Additions</u>	<u>Retirements</u>	<u>Balances</u> <u>December 31</u>
Land	\$ 5,005,095	\$ 638,758	\$ -	\$ 5,643,853
Buildings and improvements	10,089,432	71,538	-	10,160,970
Equipment	8,522,213	814,823	688,372	8,648,664
Furniture	295,072	-	-	295,072
Office equipment	<u>677,101</u>	<u>12,149</u>	<u>-</u>	<u>689,250</u>
	<u>\$ 24,588,913</u>	<u>\$ 1,537,268</u>	<u>\$ 688,372</u>	<u>\$ 25,437,809</u>

<u>Discretely Presented</u> <u>Component Unit - Library</u>	<u>Balances</u> <u>January 1</u>	<u>Additions</u>	<u>Retirements</u>	<u>Balances</u> <u>December 31</u>
Land	\$ 500,000	\$ -	\$ -	\$ 500,000
Buildings and improvements	4,125,488	-	-	4,125,488
Furniture and equipment	<u>856,234</u>	<u>14,044</u>	<u>-</u>	<u>870,278</u>
	<u>\$ 5,481,722</u>	<u>\$ 14,044</u>	<u>\$ -</u>	<u>\$ 5,495,766</u>

Proprietary Fixed Assets:

The following is a summary of proprietary fund-type fixed assets as of the date of this report:

	<u>Enterprise Funds</u>
Land and improvements	\$ 302,851
Buildings	243,645
Building improvements	203,309
Water/sewer systems	35,636,880
Equipment and vehicles	2,741,595
Office furniture and equipment	<u>18,672</u>
	39,146,952
Accumulated depreciation	<u>(11,972,967)</u>
	<u>\$ 27,173,985</u>

(Continued)

VILLAGE OF GLENVIEW, ILLINOIS

Notes to Financial Statements
December 31, 2000

NOTE 5 - FIXED ASSETS (Continued)

In proprietary funds, the following estimated useful lives are used to compute depreciation:

Building improvements	10-20 years
Water/sewer systems	50 years
Buildings	40-50 years
Equipment and vehicles	3-10 years
Office furniture and equipment	3-10 years

NOTE 6 - RISK MANAGEMENT

The Government is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; illnesses of employees; and natural disasters. The Government is self-insured for all risks and has established a risk-financing fund, Insurance Fund (Fund), for all risks. It is accounted for as an internal service fund where assets are set aside for claim settlements. Under this program, the Fund provides coverage up to a maximum of \$1,000,000 for each general liability claim, \$50,000 for each workers' compensation claim, and \$50,000 for each property damage claim. The Government purchases commercial insurance for claims in excess of the coverages provided by the Fund. Settled claims have not exceeded this commercial coverage in any of the past three fiscal years.

All funds of the Government participate and make payments to the Fund based upon actuarial estimates of the amounts needed to pay prior- and current-year claims. Liabilities of the Fund are reported when it is probable that a loss has occurred and the amount of the loss can be reasonably estimated. Liabilities include an amount for claims that have been incurred but not reported (IBNR). Claim liabilities are calculated considering the effects of inflation, recent claim settlement trends including frequency and amount of payouts, and other economic and societal factors. Changes in the balances of claims liabilities during the past two fiscal years are as follows:

	Fiscal Year Ended	
	December 31	
	2000	1999
Unpaid claims - beginning	\$ 203,095	\$ 218,650
Incurred claims (including IBNR)	93,869	49,000
Claim payments	<u>(27,342)</u>	<u>(64,555)</u>
Unpaid claims - ending	<u>\$ 269,622</u>	<u>\$ 203,095</u>

(Continued)

VILLAGE OF GLENVIEW, ILLINOIS

Notes to Financial Statements
December 31, 2000

NOTE 6 - RISK MANAGEMENT (Continued)

Intergovernmental Personnel Benefit Cooperative (IPBC)

The Government participates in the Intergovernmental Personnel Benefit Cooperative (IPBC). IPBC is a public entity risk pool established by certain units of local government in Illinois to administer some or all of the personnel benefit programs (primarily medical, dental, and life insurance coverage) offered by its members to their officers and employees and to the officers and employees of certain other governmental, quasi-governmental, and nonprofit public service entities. Risk of loss is retained by the Government, except that IPBC purchases excess coverage policies.

Management consists of a Board of Directors comprised of one appointed representative from each member. In addition, there are three officers, a Benefit Administrator, and a Treasurer. The Government does not exercise any control over activities of IPBC beyond its representation on the Board of Directors.

High-Level Excess Liability Pool (HELP)

The Government participates in the High-Level Excess Liability Pool (HELP). HELP is a public entity risk pool established by certain municipalities in Illinois to provide excess liability coverage (\$10,000,000 of coverage after a \$1,000,000 self-insurance retention). The Government's payments to HELP are displayed on the financial statements as expenditures/expenses in appropriate funds.

HELP was organized on April 1, 1987. The purpose of HELP is to act as a joint self-insurance pool for the purpose of seeking the prevention or lessening of liability claims for injuries to persons or property or claims for errors and omissions made against the members and other parties included within the scope of coverage of HELP.

HELP is governed by a Board of Directors, which consists of one appointed representative from each member municipality. Each director has an equal vote. The officers of HELP are appointed by the Board of Directors. The Board of Directors determines the general policy of HELP; makes all appropriations; approves contracts; adopts resolutions providing for the issuance of debt by HELP; adopts bylaws, rules, and regulations; and exercises such powers and performs such duties as may be prescribed in the Agency Agreement or the bylaws.

The Government does not exercise any control over the activities of HELP beyond its representation on the Board of Directors.

NOTE 7 - LEASE OBLIGATIONS

No material capital or operating leases were in effect as of the date of this report.

NOTE 8 - LONG-TERM DEBT

Changes in Long-Term Liabilities: During the fiscal year, the following changes occurred in liabilities reported in the long-term debt for General Obligation Bonds:

	<u>Balances</u> <u>January 1</u>	<u>Additions</u>	<u>Reductions</u>	<u>Balances</u> <u>December 31</u>
Enterprise Funds	\$ 8,170,000	\$ -	\$ 330,000	\$ 7,840,000
General Long-Term Debt Account Group	<u>52,810,000</u>	<u>4,970,000</u>	<u>2,690,000</u>	<u>55,090,000</u>
	<u>\$ 60,980,000</u>	<u>\$ 4,970,000</u>	<u>\$ 3,000,000</u>	<u>\$ 62,930,000</u>

General Obligation Bonds: The Government issues general obligation bonds to provide funds for the acquisition and construction of major capital facilities. General obligation bonds have been issued for both general government and proprietary activities. These bonds therefore are reported in the proprietary funds if they are expected to be repaid from proprietary revenues.

General obligation bonds are direct obligations and pledge the full faith and credit of the Government. General obligation bonds currently outstanding are as follows:

<u>Issue</u>	<u>Fund Debt</u> <u>Retired By</u>	<u>Balances</u> <u>January 1</u>	<u>Additions</u>	<u>Reductions</u>	<u>Balances</u> <u>December 31</u>
\$2,895,000 Corporate Purpose Bonds Series of 1992 dated April 1, 1992, due in annual installments of \$10,000 to \$255,000 plus interest at 4.00% to 5.90% through December 1, 2012.	Whole- sale Water	\$ 2,295,000	\$ -	\$ 120,000	\$ 2,175,000
\$7,635,000 Corporate Purpose Bonds Series of 1993 dated May 1, 1993, due in annual installments of \$205,000 to \$1,345,000 plus interest at 4.60% to 4.70% through December 1, 2005.	Debt Service	5,765,000	-	610,000	5,155,000
\$8,040,000 Corporate Purpose Bond Series of 1994 dated September 15, 1994, due in annual installments of \$90,000 to \$1,275,000 plus interest at 4.00% to 5.10% through December 1, 2004.	Debt Service	4,785,000	-	1,275,000	3,510,000

NOTE 8 - LONG-TERM DEBT (Continued)

Legal Debt Margin

The Government is a home rule municipality.

Article VII, Section 6(k) of the 1970 Illinois Constitution governs computation of the legal debt margin.

"The General Assembly may limit by law the amount and require referendum approval of debt to be incurred by home rule municipalities, payable from ad valorem property tax receipts, only in excess of the following percentages of the assessed value of its taxable property . . . (2) if its population is more than 25,000 and less than 500,000 an aggregate of one percent: . . . indebtedness which is outstanding on the effective date (July 1, 1971) of this constitution or which is thereafter approved by referendum . . . shall not be included in the foregoing percentage amounts."

To date, the General Assembly has set no limits for home rule municipalities.

Advance Refunding - General Obligation Refunding Bonds, Series 1994

On August 30, 1994, the Government passed an ordinance providing for the issuance of \$8,040,000 General Obligation Refunding Bond Series of 1994 and the levy and collection of a direct annual tax for the payment of principal and interest on the bonds. On August 30, 1994, the Government passed an ordinance directing the execution of an escrow agreement in order to partially refund \$5,025,000 of General Obligation Bond Series of 1989 and \$2,525,000 of General Obligation Bond Series of 1990 issued by the Government and outstanding in the aggregate principal amount of \$6,625,000 and \$4,000,000, respectively. This advance refunding was undertaken to reduce total debt service payments over the next eleven years by \$322,463 and to obtain an economic gain (difference between the present value of the debt service payments of the refunded and refunding bonds) of \$259,324.

Proceeds in the amount of \$7,988,866 from the refunding bonds were used to execute the escrow agreement. The long-term debt is recorded in the General Long-Term Debt Account Group. Current principal and interest requirements are accounted for in the Debt Service Fund.

Although there has been no legal defeasance (satisfaction of debt) in this transaction, all conditions that normally satisfy defeasance of the partial refund of the \$5,025,000 of General Obligation Bond Series of 1989 and \$2,525,000 of General Obligation Bond Series of 1990 have been met.

VILLAGE OF GLENVIEW, ILLINOIS

Notes to Financial Statements
December 31, 2000

NOTE 8 - LONG-TERM DEBT (Continued)

Advance Refunding - General Obligation Refunding Bonds, Series 1994 (Continued)

Those provisions include:

Proceeds of the new debt have been placed in an irrevocable trust with a reputable trustee for the primary purpose of satisfying old debt at a specified future date. An escrow agreement has been entered into with American National Bank and Trust Company of Chicago.

The proceeds of the new debt are invested in direct U.S. Treasury obligations with maturities that approximate the debt service requirements of the original issue.

The proceeds in escrow are not subject to lien for any purpose other than in connection with the advance refunding transaction.

Since the requirements that normally satisfy defeasance have been met, the financial statements reflect satisfaction of the original liability through the irrevocable transfer to an escrow agent of an amount computed to be adequate to meet the future debt service requirements of the issue.

Fiscal Year Ending December 31	<u>Schedule of Future Requirements</u>

		<u>\$ 2,325,000</u>		<u>\$ 1,175,000</u>

Noncommitment Debt

Special Service Area Bonds: Special service area bonds outstanding as of the date of this report totaled \$953,816. These bonds are not an obligation of the Government and are secured by the levy of special service on the real property within the special service area. The Government is in no way liable for repayment but is only acting as the agent for the property owners in levying and collecting the assessments and forwarding the collections to the bondholders.

VILLAGE OF GLENVIEW, ILLINOIS

Notes to Financial Statements
December 31, 2000

NOTE 8 - LONG-TERM DEBT (Continued)

Industrial Development Revenue Bonds: The Government qualifies as a Home Rule Unit under Section 6(a) of Article VII of the 1970 Constitution of Illinois and, under the powers granted by this Section, can exercise any power and perform any function pertaining to its government and affairs that is not prohibited by the Illinois State Statutes.

The issuance of Industrial Development Revenue Bonds by the Government is to finance in whole or in part the cost of the acquisition, purchase, construction, reconstruction, improvement, equipping, betterment, or extension of any economic development project in order to encourage economic development within or near the Government.

Industrial Development Revenues Bonds are not a debt of the Government. The entity using the bond proceeds to finance a construction or improvement project is liable for the bonds. Since the Government does not act as an agent for Industrial Development Revenue Bonds, the transactions relating to the bonds and property do not appear in the Government's financial statements.

The Government has authorized the issuance of the following such bonds:

Baxter, L.L.C.

Under authority of Ordinance No. 3909, dated October 21, 1997, the Village refinanced \$9,770,000 of Industrial Development Bonds dated as of November 1, 1997, at 5.25 percent interest. Final payment date of the bonds is December 1, 2027. Bond proceeds were issued to refinance previously issued Industrial Development Bonds from 1985. The initial bonds were issued to fund the completion of a multi-family housing project titled Valley Lo Towers II.

NOTE 9 - CONTRACTUAL COMMITMENTS

High-Level Excess Liability Pool (HELP)

The Government has committed to purchase excess liability insurance from the High-Level Excess Liability Pool (HELP), a public entity risk pool for certain Illinois municipalities through April 30, 2008.

These amounts have been calculated using the Government's current allocation percentage of 7.58%. In future years, this allocation percentage will be subject to change because the HELP Agreement provides that each year members will be assessed based upon a formula that specifies the following four criteria for allocating premium costs:

(Continued)

VILLAGE OF GLENVIEW, ILLINOIS

Notes to Financial Statements
December 31, 2000

NOTE 9 - CONTRACTUAL COMMITMENTS (Continued)

Miles of Streets
Full-Time Equivalent Employees
Number of Motor Vehicles
Operating Revenues

Solid Waste Agency of Northern Cook County (SWANCC): The Government has committed to pay its share of the annual operating costs and fixed costs of the SWANCC. The Government's share of costs is expected to be funded through tipping fees paid by refuse haulers. The Government began delivering refuse to SWANCC in May of 1995.

SWANCC has entered into solid waste disposal contracts with the twenty-three member municipalities. The contracts are irrevocable and may not be terminated or amended except as provided in the contract. Each member is obligated, on a "take or pay" basis, to purchase, or in any event, to pay for a minimum annual cost of the system.

The obligation of the Government to make all payments as required by this contract is unconditional and irrevocable, without regard to performance or nonperformance by SWANCC of its obligations under this contract.

December 31	<u>\$ 2,586,154</u>	<u>\$ 2,181,233</u>	<u>\$ 4,767,387</u>

NOTE 13 - CONTINGENT LIABILITIES

Litigation: The Government is a defendant in various lawsuits. Although the outcome of these lawsuits is not presently determinable, in the opinion of the Government's attorney, the resolution of these matters will not have a material adverse effect on the financial condition of the Government.

Grants: Amounts received or receivable from grantor agencies are subject to audit and adjustment by grantor agencies, principally the federal government. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. The amount, if any, of expenditures that may be disallowed by the grantor cannot be determined at this time although the Government expects such amounts, if any, to be immaterial.

High-Level Excess Liability Pool (HELP): The Government's agreement with HELP provides that each member is liable for its proportionate share of any costs arising from defaults in payment obligations by other members.

Solid Waste Agency of Northern Cook County (SWANCC): The Government's contract with SWANCC provides that each member is liable for its proportionate share of any costs arising from defaults in payment obligations by other members.

NOTE 14 - JOINT VENTURES

Regional Emergency Dispatch Center

Description of Joint Venture

The Regional Emergency Dispatch Center (R.E.D.) is a governmental joint venture used to account for the resources involved in dispatching fire and medical emergency services to a nine community area. This fund is supported by contributions from the nine member departments. As of December 31, 2000, R.E.D. served the fire departments of:

- Village of Glenview
- Village of Morton Grove
- Village of Niles
- Village of Northbrook
- North Maine Fire Protection District
- Prospect Heights Fire Protection District
- Village of Wheeling
- Village of Winnetka
- Village of Highwood

Management consists of a Board of Directors comprised of one appointed representative from each member. In addition, day-to-day operations are administered by the Fire Chiefs of each member district.

The Government does not exercise any control over the activities of R.E.D. beyond its representation on the Board of Directors.

Summary Financial Information of Joint Venture

The financial statements of R.E.D., dated December 31, 2000, show the following:

	<u>Total</u>	<u>Government's Share (.3210)</u>
Total assets	\$ <u>1,213,568</u>	\$ <u>389,555</u>

Summary Financial Information of Joint Venture (Continued)

Initial contributions are determined in advance of each membership year based on the population within each member's district.

Complete financial statements can be obtained from the Regional Emergency Dispatch System, 1815 Glenview Road, Glenview, Illinois, 60025. Total payments made to the R.E.D. Center totaled \$213,694 for the year.

Solid Waste Agency of Northern Cook County (SWANCC):

Description of Joint Venture

The Government is a member of the Solid Waste Agency of Northern Cook County (SWANCC) which consists of twenty-three municipalities. SWANCC is a municipal corporation and public body politic and corporate established pursuant to the Constitution of the State of Illinois and the Intergovernmental Cooperation Act of the State of Illinois, as amended (the Act). SWANCC is empowered under the Act to plan, construct, finance, operate, and maintain a solid waste disposal system to serve its members.

The members of SWANCC and their percentage shares based on formulae contained in the SWANCC Agreement as of April 30, 1995 are:

	%		%
	<u>Share</u>		<u>Share</u>
Arlington Heights	10.13%	Mount Prospect	8.86%
Barrington	1.40	Niles	2.61
Buffalo Grove	5.90	Palatine	12.33

Solid Waste Agency of Northern Cook County (SWANCC) (Continued)

Description of Joint Venture (Continued)

These percentage shares are based on waste estimates for the year 2003 and cannot be changed for the term of the SWANCC Agreement.

The members form a contiguous geographic service area, which is located northwest of downtown Chicago. Under the Agency Agreement, additional members may join SWANCC upon the approval of each member.

SWANCC is governed by a Board of Directors which consists of one appointed mayor or president from each member municipality. Each director has an equal vote. The officers of SWANCC are appointed by the Board of Directors. The Board of Directors determines the general policy of SWANCC; makes all appropriations; approves contracts; adopts resolutions providing for the issuance of bonds or notes by SWANCC; adopts bylaws, rules and regulations; and exercises such powers and performs such duties as may be prescribed in the Agency Agreement or the bylaws.

NOTE 14 - JOINT VENTURES (Continued)

Solid Waste Agency of Northern Cook County (SWANCC): (Continued)

Summary of Financial Information of Joint Venture (Continued)

SWANCC's outstanding bonds are revenue obligations. They are limited obligations of SWANCC with a claim for payment solely from and secured by a pledge of the revenues of SWANCC and amounts in various funds and accounts established by agency resolutions. The bonds are not the debt of any member. SWANCC has no power to levy taxes.

Revenues of SWANCC consist of (1) all receipts derived from solid waste disposal contracts or any other contracts for the disposal of waste; (2) all income derived from the investment of monies; and (3) all income, fees, and service charges and all grants, rents, and receipts derived by SWANCC from the ownership and operation of the system. SWANCC covenants to establish fees and charges sufficient to provide revenues to meet all its requirements.

Complete financial statements can be obtained from the Solid Waste Agency of Northern Cook County, 1616 E. Golf Road, Des Plaines, Illinois 60016.

The Government made \$803,595 in payments to SWANCC for the year ended December 31, 2000.

NOTE 15 - POSTEMPLOYMENT BENEFITS

In addition to providing the pension benefits described, the Government provides postemployment health care benefits for retired public safety employees. Substantially all of the Government's public safety employees may become eligible for those benefits if they reach normal retirement age while working for the Government. The cost of retiree health care benefits is recognized as an expenditure as claims are paid. For the fiscal year, those costs total \$171,348 for the 51 participants. The retirees pay an annual premium, which is equal to the actuarially determined cost for each plan year. Accordingly, no liability has been recorded for post-retirement health care benefits.

NOTE 16 - EMPLOYEE RETIREMENT SYSTEMS (Continued)

Plan Descriptions and Provisions: (Continued)

Firefighters' Pension

Fire sworn personnel are covered by the Firefighters' Pension Plan, which is a defined benefit single-employer pension plan. Although this is a single-employer pension plan, the defined benefits as well as the employee and employer contributions levels are mandated by Illinois Compiled Statutes (Chapter 40 - Article 5/4) and may be amended only by the Illinois legislature. The Government accounts for the plan as a pension trust fund. The Government's payroll for employees covered by the Firefighters' Pension Plan for the year ended December 31, 2000 was \$4,506,495 out of a total payroll of \$18,873,537. At December 31, 2000, the Firefighters' Pension Plan membership consisted of:

Retirees and beneficiaries currently receiving benefits and terminated employees entitled to benefits but not yet receiving them	35
Current employees	
Vested	54
Nonvested	<u>25</u>
Total	<u>114</u>

The following is a summary of the Firefighters' Pension Plan as provided for in the Illinois Compiled Statutes.

The Firefighters' Pension Plan provides retirement benefits as well as death and disability benefits. Employees attaining the age of 50 or more with 20 or more years of creditable service are entitled to receive a monthly retirement benefit of one-half of the monthly salary attached to the rank held in the fire service at the date of retirement. The monthly pension shall be increased by one-twelfth of 2½ percent of such monthly salary for each additional month over 20 years of service through 30 years of service and one-twelfth of 1 percent of such monthly service for each additional month over 30 years of service, to a maximum of 75 percent of such monthly salary. Employees with at least 10 years but less than 20 years of credited service may retire at or after age 60 and receive a reduced retirement benefit. The monthly pension of a firefighter who retired with 20 or more years of service after January 1, 1977 shall be increased annually, following the first anniversary date of retirement and paid upon reaching at least the age 55, by 3 percent of the original pension and 3 percent annually thereafter.

Funding Policy - Covered employees are required to contribute 8.455 percent of their salary to the Firefighters' Pension Plan. If an employee leaves covered employment with less than 20

NOTE 16 - EMPLOYEE RETIREMENT SYSTEMS (Continued)

Plan Descriptions and Provisions: (Continued)

Firefighters' Pension (Continued)

years of service, accumulated employee contributions may be refunded without accumulated interest. The Government is required to contribute the remaining amounts necessary to finance the plan as actuarially determined by an enrolled actuary. Effective July 1, 1993, the Government's contributions must accumulate to the point where the past service cost for the Firefighters' Pension Plan is fully funded by the year 2033.

No separate Firefighters' Pension Fund annual financial report is issued.

Summary of Significant Accounting Policies and Plan Asset Matters:

Basis of Accounting - The financial statements are prepared using the accrual basis of accounting. Employee and employer contributions are recognized as revenues in the period in which employee services are performed.

Method Used to Value Investments - Investments are reported at fair value. Investment income is recognized as earned.

Gains and losses on sales and exchanges of fixed-income securities are recognized on the trade date.

Significant Investments - There are no investments (other than U.S. government and U.S. government - guaranteed obligations) in any one organization that represent 5 percent or more of net assets available for benefits:

Related Party Transactions - There were no securities of the employer or any other related parties included in plan assets, including any loans.

SPECIAL REVENUE FUNDS

Illinois Municipal Retirement Fund - The Illinois Municipal Retirement Fund is used to account for the revenues and expenditures associated with providing disability and pension benefits for Glenview employees. This fund also provides the employer with a portion of F.I.C.A. contributions.

Motor Fuel Tax Fund - The Motor Fuel Tax Fund is used to account for the activities involved with street maintenance and construction. Financing is provided by the Government's share of state gasoline taxes. State law requires these gasoline taxes to be used to maintain streets.

Refuse and Recycling Fund - The Refuse and Recycling Fund is used to account for the financial activity of the community wide recycling program. The program is designed to license and monitor prime scavenger services operating in the residential areas of the Government. Their activities will mainly be involved with the collection and disposition of recyclable items.

911 Communications Fund - The 911 Communications Fund is used to account for the activity of the 911 emergency service system. Financial activity began in 1990 and the system became operational in 1992.

GNAS Redevelopment Fund - The GNAS Redevelopment Fund is used to account for the resources and expenditures incurred in the development of the Glenview Naval Air Base land.

GNAS Caretaker Fund - The GNAS Caretaker Fund is used to account for the resources and expenditures related to the Village's custodial arrangement with the U.S. Navy regarding caretaking of the Glenview Naval Air Base.

Special Tax Allocation Fund - The Special Tax Allocation Fund is used to account for the incremental property tax revenue that is generated through the growth of the assessed valuation at the GNAS.

CAPITAL PROJECTS FUNDS

Capital Equipment Replacement Fund - The Capital Equipment Replacement Fund is used to account for the funds annually set aside for the eventual replacement of certain capital equipment.

Capital Projects Fund - The Capital Projects Fund is used to account for revenues and expenditures involved with all other capital improvements throughout the Government.

Village Permanent Fund - This fund is used to account for projects not related to the Glenview Naval Air Base and will transfer a portion of land sales revenues to retire the debt service for the 1996 General Obligation Bonds.

Bond Fund Series 1993 - The Bond Fund Series 1993 is used to account for the proceeds received from the Corporate Purpose Bond Series of 1993.

GNAS Bond Fund Series 1995 - This fund is used to account for various development and other projects related to the Glenview Naval Air Base and financed with the General Obligation Bond Anticipation Bond Series of 1995.

Glen Land Sales Fund - This fund is used to account for grant funds, land sales, and property tax revenues (via the Tax Increment Finance District) related to the Glenview Naval Air Base.

2000 Project Fund - This fund is used to account for the funds derived from the 2000 General Obligation Bond Issue.

ENTERPRISE FUNDS

Waterworks Fund - The Waterworks Fund is used to account for the provision of water and sewer service to the residents of Glenview. All activity necessary to provide such services is accounted for in this fund including, but not limited to, administration (Director of Public Works), operation, maintenance, financing and related debt service, and billing and collection.

Wholesale Water Fund - The Wholesale Water Fund is used to account for the provision of water service to the Citizens Utility Co. enabling the utility to receive Lake Michigan water.

North Maine Water and Sewer Fund - The North Maine Water and Sewer Fund is used to account for all financial activity related to the Village providing water and sewer service to an unincorporated area southwest of the Village. This area was formerly served by the North Suburban Public Utilities Company.

Sewerage Fund - The Sewerage Fund is used to account for the funds necessary to provide sanitary sewer service to both incorporated and unincorporated Village of Glenview customers.

Commuter Parking Lot Fund - The Commuter Parking Lot Fund accounts for the activity involved with, but not limited to, the administration (Finance Director), sale of permits, and maintenance of the commuter parking facilities within the Government.

INTERNAL SERVICE FUNDS

Municipal Equipment Repair Fund - The Municipal Equipment Repair Fund is used to account for the costs of repairing and maintaining all vehicles of the Government. These costs include labor, material, fuel, and fixed overhead of the Government's repair facility.

Insurance Fund - The Insurance Fund is used to account for the financial activity of the Government's entire insurance program. In addition to conventional primary insurance, the Village is a member of the High-Level Excess Liability Pool (HELP), which provides excess liability coverage. Also, the Government provides health and life insurance by participating in the Intergovernmental Personnel Benefit Cooperative (IPBC).

TRUST AND AGENCY FUNDS

Expendable Trust

Escrow Deposit Fund - The Escrow Deposit Fund is used to account for the funds placed on deposit with the Government by building contractors working within the Government's limits. Interest earned on escrow deposits is annually transferred to the Corporate Fund.

Deposit Fund - The Deposit Fund is used to account for money on deposit with the Government being held on a temporary basis, such as security deposits for use of the Government's equipment.

Police Department Special Account Fund - The Police Department Special Account Fund is used to account for funds received from the Illinois State Police office to be used in various types of investigations.

Pension Trust

Police Pension Fund - The Police Pension Fund is used to account for the resources necessary to provide disability and retirement benefits to personnel of the Glenview Police Department.

Firefighters' Pension Fund - The Firefighters' Pension Fund is used to account for the resources necessary to provide disability and retirement benefits to personnel of the Glenview Fire Department.

Agency

Special Service Areas Fund - This fund accounts for various special service area bond issues.

Arbitrage Rebate Fund - This fund accounts for the recording and payment of any arbitrage rebates payable.

VILLAGE OF GLENVIEW, ILLINOIS

Schedule of Legal Debt Margin
December 31, 2000

Article VII, Section 6(k) of the 1970 Illinois Constitution governs computation of the legal debt margin.

"The General Assembly may limit by law the amount and require referendum approval of debt to be incurred by home rule municipalities, payable from ad valorem property tax receipts, only in excess of the following percentages of the assessed value of its taxable property . . . (2) if its population is more than 25,000 and less than 500,000 an aggregate of one per cent: . . . indebtedness which is outstanding on the effective date (July 1, 1971) of this constitution or which is thereafter approved by referendum . . . shall not be included in the foregoing percentage amounts."

To date, the General Assembly has set no limits for home rule municipalities.

Total Direct and Overlapping Bonded Debt	\$ 122,819,037	9.86%	3.28%	\$ 2,934.95
Total Direct and Overlapping Excluding Self-Supporting	\$ 72,357,337	5.81%	1.93%	\$ 1,729.09

- Notes: 1. The Village is a home-rule unit under the 1970 Illinois Constitution and as such has no debt limit nor is it required to seek referendum approval for the issuance of general obligation debt. See "Retirement Schedule of Outstanding Village General Obligation Debt" for a listing of the Village's non-general obligation debt and currently outstanding general obligation debt. Of the Village's general obligation debt 80.2% or \$50,461,700 is considered self-supporting.
2. See "Detailed Overlapping Bonded Indebtedness Payable From Property Taxes at December 31, 2000".

RETIREMENT SCHEDULE OF OUTSTANDING VILLAGE GENERAL OBLIGATION DEBT (Note 1)
(As of December 31, 2000)

	\$7,498,300	\$4,970,000	\$2,175,000	\$1,166,700	\$5,665,000	\$7,055,000	\$34,400,000	\$62,930,000			

- Notes: 1. Excludes \$2,615,199 note payable in annual payments of \$215,377 to the sellers of the utility company that was acquired in September, 1997. The \$953,815 principal amount of special service area bonds, the proceeds of which have been used for various neighborhood local improvements and which are secured by property taxes to be levied in the applicable special service areas, is shown as overlapping debt in the table "Detailed Overlapping Bonded Indebtedness Payable From Property Taxes".
2. As a home rule unit under the 1970 Illinois Constitution, the Village has no debt limit and it can issue general obligation bonds without referendum. The Village has chosen to fund various water/sewer improvements with general obligation bonds and abate taxes from user charges. The Village's water system serves a population of approximately 100,000 of which approximately 64,000 are outside the Village limits (57,000 in unincorporated areas and 7,000 in the Citizens Utilities service area).
3. Includes remaining maturities for the Village's outstanding Series 1993 Bonds, and a portion of the outstanding Series 1994 issues.
4. The Series 1992 Bonds are payable primarily from revenues of the service area of a private water company (Citizens Utilities) outside the Village limits.
5. The Village sold \$8,040,000 General Obligation Refunding Bonds, Series 1994 on August 30, 1994. A portion of the issue is payable from property taxes and the remainder is self-supporting from water/sewer revenues.
6. The Series 1997 Bonds are being paid from water and sewer revenues of a service area outside the Village limits with a population of approximately 40,000.
7. The Series 1996 and Series 1998 Bonds are expected to be paid from incremental property taxes at the Glenview Naval Air Station Economic Development Project Area plus 80% of the land sale proceeds derived from the Village's sale of land at the Project Area.

DEBT RATIOS AND PER CAPITA DEBT--LAST TEN BOND SALES (Note 1)

Village Issue	Amount	Ratio to Estimated Actual Value(1)				Per Capita(1)

October 20, 1998	34,400,000(6)	2.12%	37%	3.98%	2.23%	3,125.64	1,752.00
December 5, 2000	4,970,000	1.68%	33%	3.28%	1.93%	3,109.34	1,831.83

- Notes: 1. Ratios and per capita information as set out in applicable Official Statements. The Village's Bond Anticipation Bonds which sold on January 25, 1995 are not included in these ratios (see Note 4).
2. Excluding the Village's self-supporting general obligation bonded debt.
3. Final issue amount was \$8,040,000. This issue advance refunded the callable maturities of the Series 1989 and 1990 issues.
4. General Obligation Bond Anticipation Bonds, Series 1995 ("BABS") the proceeds of which were used to fund interest up to the respective maturity dates of the BABS and to create a capital improvement fund for redevelopment costs of the Glenview Naval Air Station which officially closed on September 9, 1995. The principal amount of the Bond Anticipation Bonds was not included in the debt ratios and per capita data - when those maturities were refinanced with Series 1996 and the Series 1998 Bonds, they appeared in the debt ratios and per capita debt.
5. Proceeds used to refund the December 1, 1996 maturity of the BABS.
6. A portion of the proceeds of the Series 1998 Bonds was used to refund the December 1, 1998 maturity of the BABS.

- Notes:
- Property in Cook County is separated into eight classifications for assessment purposes (ranging in 1985 from 16% for residential to 40% for commercial property). After the assessor establishes the fair market value of a parcel of land, that value is multiplied by one of the classification percentages to arrive at the assessed valuation for that parcel. The Illinois Department of Revenue furnishes each county with an adjustment factor (the equalization factor) to equalize the level of assessment between counties. After the equalization factor is applied, the valuation of the property for taxing purposes has been established—tax rates are applied to the equalized valuation.
 - Includes three major categories of exemptions: the Senior Citizens' Homestead Exemption (\$7,972,000 in 1999), the Senior Citizens Tax Freeze Homestead Exemption (\$4,966,847 in 1999), and the General Homestead Exemption (\$52,099,650 in 1999). The Senior Citizens' Homestead Exemption, effective for tax years 1991 and following, is a reduction of \$2,500 (\$1,500 in levy years 1972-1983 and \$2,000 in levy years 1984-1990) in the equalized assessed valuation of real property owned and occupied by a person 65 years of age or older. The General Homestead Exemption is available to owner-occupied residential property; the amount of the exemption is the increase in the current year's equalized assessed valuation above the 1977 tax year equalized assessed valuation, with a maximum of \$1,500 in 1978, \$3,000 between 1979 and 1982, \$3,500 between 1983-1990 and \$4,500 thereafter. The Senior Citizen Tax Freeze Homestead Exemption, first effective in levy year 1994, provides that persons 65 or older with a household income of less than \$40,000 (up from \$35,000 in levy year 1998 and prior) may receive an exemption in the amount of the difference between the current equalized assessed value of their principal residence and the lowest previous assessment in a qualifying year, even if the senior was not eligible for some intervening year.
 - Under the current triennial reassessment system in Cook County, one third of the County is reassessed each year. The Village was reassessed in 1995 and 1998.
 - By valuation, 82.8% of the Village is in Northfield Township, 6.4% is in Niles Township, 6.1% is in Maine Township, and 4.7% is in New Trier Township. Includes \$123,644 of Railroad Property now classified as Real Property.
 - The decrease in equalized assessed valuation was primarily due to a .31% drop in the State-imposed equalization factor for Cook County (from 2.1517 in levy year 1996 to 2.1489 in levy year 1997).
 - The Village's tax rate is extended against its entire Equalized Assessed Valuation (shown in this table as "Total for all Taxing Purposes") excluding only the statutory exemptions. Of the taxes collected, that portion applicable to incremental valuation (valuation of tax increment districts) is remitted to the Village by the County Collector for deposit in the applicable tax allocation fund. The Equalized Assessed Valuation for which the Village receives its portion of the total tax rate for all non-TIF purposes is shown in this table as "Net for General Taxing Purposes".
 - When the Glenview naval Air Station Tax Increment District was created it included the Air Station and an older industrial area adjacent thereto. As of January 1, 1999 the incremental valuation was added from changes in that industrial area. Land valuations in that industrial area have increased for a variety of reasons including the fact the property being adjacent to a major new roadway entrance into the redeveloped base and a new Metra train station.

**TAX RATES PER \$100 EQUALIZED ASSESSED VALUATION
(Levy Years)**

- Notes:
- As a home rule unit under the 1970 Illinois Constitution, the Village has no statutory tax rate limitations.
 - Beginning in levy year 1985, the tax rate for Library purposes is considered under State law to be a separate levy from the Village.
 - Tax rate applicable to the largest tax code which represented 43.4% of the Village's 1999 tax base and is located in Northfield Township.

**TAX EXTENSIONS AND COLLECTIONS
(Village Purposes Only)**

Levy Year	Collection Year	Total Taxes Extended	Total Taxes Collected as of April 30, 2001(1)	
			Amount (2)	Percent
1995	1996	\$6,868,809	\$6,890,939	100.32%
1996	1997	7,215,620	7,247,809	100.44%
1997	1998	7,701,167	7,633,895	99.13%
1998	1999	7,658,448	7,679,741	100.27%
1999	2000	8,110,825	8,046,681	99.21%

- Notes: 1. Source: Cook County Treasurer's Office. Taxes collected, including late payments, are shown as collections in the year when due **regardless of when the collection occurs**. The "Amount Collected" is not the same as distributions to the Village as collections include taxes paid under protest. When the taxes are paid under protest are remitted, they are not included as taxes collected as they have already been considered "collected".
2. Cook County property taxes are payable in two installments: the first on March 1, and the second on the latter of August 1 or 30 days after the mailing of the tax bills. The first installment is an estimated bill and is one-half of the prior year's bill. The second installment is based on the current levy, assessment and equalization and reflects any changes from the prior year in those factors. The second installment date for levy years 1995-1999 were September 11, 1996, September 19, 1997, October 28, 1998, November 1, 1999 and October 2, 2000 respectively.

1993 AND 1998 TAX BASE DISTRIBUTION BY PROPERTY CLASSIFICATION

	Village of Glenview			
	Taxable Valuation		Percent of Total

- Notes: 1. These condensed financial statements for the General Fund for the years ending December 31, 1996-2000 have been prepared from the full Comprehensive Annual Financial Reports of the Village of Glenview and do not purport to be complete financial statements. The full financial statements, together with the report of the Village's independent accountants, are available upon request. See Note 1 to "Combined Statement-All Funds".
2. The Village Manager submits a proposed operating budget to the Board of Trustees which budget includes proposed expenditures and the means of financing them. Subsequent to budget hearings, the budget is legally enacted through passage of an ordinance. The Village Manager is authorized to transfer budgeted amounts between departments within any fund; however, any revisions that alter the total expenditures of any fund must be approved by the Board of Trustees. Budgets are adopted on a basis consistent with generally accepted accounting principles.
3. From 1979 to 1985 the Village's policy with regard to General Fund property taxes was to levy a constant dollar amount of approximately \$950,000. Beginning with 1986, the Village changed this policy to one of a constant tax rate to ensure equal participation in the cost of government of new construction and annexations.
4. Effective May 6, 1985, the Village adopted a 5% hotel room tax. The Village has five operating hotels with 856 rooms.
5. Developers are required to deposit with the Village an amount equal to the cost of all improvements being built and dedicated to the Village which deposits are returned upon satisfactory completion of the improvements. Interest earnings on the amounts in the Escrow Deposit Fund are transferred to the General Fund.

6. The Capital Equipment Replacement Fund (CERF) was established by ordinance in 1979 with the stated purpose of evening out the annual expenditures for major capital expenditures. All of the Village's on-road and off-road equipment, fire, public works, etc., is included. Each Department is charged with the equivalent of a depreciation charge which is remitted in cash to the Capital Equipment Replacement Fund (carried in the Capital Projects Fund). As of December 31, 2000, cash and investments in the Capital Equipment Replacement Fund totaled \$8,796,785.
7. For the fiscal year ended December 31, 1982, the Village changed its property tax revenue recognition to conform to the provisions of Interpretation #3 issued by the National Council on Governmental Accounting under which property tax revenues are recognized to the extent of taxes due and collected within the current year. The current net tax levy receivable is recognized in the balance sheet along with a corresponding amount of deferred revenue.
8. When the Village changed its policy regarding the level of property taxes for the General Fund (Note 3), it also determined to increase the cash reserve balance to 90 days of working cash, which, given the 2000 actual non capital expenditures, totals approximately \$6,664,840. This reserve serves as insurance should the Village face fluctuations or delays in tax payments, a monetary judgment, a natural disaster, or other fiscal difficulties. The General Fund "Cash Balance" has risen from \$1,377,554 at December 31, 1985 to \$12,206,729 at December 31, 2000 which represented a cash reserve balance of 164 days.
9. During fiscal year 1989, \$725,000 in bond proceeds from the Series 1989 Bond Fund (Capital Projects Fund) was transferred to the General Fund for the purpose of paying a short-term note for the purchase of property for redevelopment purposes. On the balance sheet at December 31, 1989, \$725,310 of the fund balance was shown as "Reserved for Land Held for Resale", with a corresponding asset shown as "Investment in Land Held for Resale". Other reservations of fund balance included \$1,724 for prepaid items and \$271,140 for income tax surcharge allocation. The December 31, 2000 Reserved amount of \$10,000 is for Patton House (there is no longer an amount reserved for "land held for resale").
10. These funds are available for any purpose—the "Designated" reference is to the source of revenues that were determined by the Village Board as not to be used for operating expenses.
11. On September 1, 1992 the Glenbrook Fire Protection District was merged into the Glenview Fire Department. The Fire Protection District continues to levy property taxes on that part of its tax base outside the Village limits and remits those tax receipts to the Village for services in the unincorporated area that now represents its tax base.
12. The General Fund "Fund Balance" at December 31, 2000 of \$12,189,197 is equal to 43.7% of the \$27,870,707 Budgeted 2001 General Fund expenditures excluding transfers for capital purposes.

Notes: 1. These condensed financial statements for the years ending December 31, 1996-2000 have been prepared from the full Comprehensive Annual Financial Reports of the Village of Glenview and do not purport to be complete audits. The full financial statements, together with the report of the Village's independent accountants, are available upon request. The accounting policies of the Village conform to generally accepted accounting principles as applicable to governmental units. The accounts of the Village are organized on the basis of funds and account groups, each of which is considered a separate accounting entity. The various funds are grouped into the three broad categories of Governmental Funds, Fiduciary Funds and Proprietary Funds. Within the Governmental Funds are the General Fund (the general operation fund) which is used to account for all financial resources except those required to be accounted for in another fund; Special Revenue Funds which are used to account for the proceeds of specific revenue sources that are legally restricted to expenditures for specified purposes; Debt Service Funds; and Capital Project Funds. All governmental funds and expendable trust funds are accounted for using a current financial resources measurement focus which has only current assets and current liabilities on the balance sheet and operating statements present increases and decreases in net current assets. All proprietary funds and pension trust funds are accounted for on a flow of economic resources measurement focus with all assets and liabilities associated with the operation of these funds included on the balance sheets and fund equity segregated into contributed capital and retained earnings--operating statements present increases and decreases in net total assets. The modified accrual basis of accounting is followed for all Governmental Fund Types and Expendable Trust Funds (in the Fiduciary Funds category). All remaining Fiduciary Funds (Pension Trust Funds) and Proprietary Funds are accounted for using the accrual basis of accounting. The "Report of Independent Auditors" in the Village's general purpose financial statements for its fiscal year ended December 31, 2000 included the following language (comparable "clean" opinions were included in the Village's 1996-1999 audits shown in this table):

"In our opinion, the general purpose financial statements referred to above present fairly, in all material respects, the financial position of the Village of Glenview, Illinois, as of December 31, 2000, and the results of its operations and the cash flows of its proprietary fund types for the year then ended in conformity with generally accepted accounting principles. Also, in our opinion, the combining, individual fund, and account group financial statements referred to above present fairly, in all material respects, the financial position of each of the individual funds and account groups of the Village of Glenview, Illinois, as of December 31, 2000, and the results of operations of such funds and the cash flows of individual proprietary funds for the year then ended and the financial position of the General Fund as of December 31, 1999 and the results of operations for the year then ended, in conformity with generally accepted accounting principles."

2. The Glenview Naval Air Station Redevelopment Fund was created to account for the resources and expenditures incurred in the development of the Glenview Naval Air Base land which was vacated by the Navy on September 9, 1995.
3. The amounts shown as fund balances for the Proprietary Funds are retained earnings (excludes contributed capital) and the amounts shown as "excess revenues" represent the change in retained earnings. "Total revenues" represent operating revenues.
4. Prior to fiscal year 1993, the Village maintained two Waterworks Funds to provide accounting for the eastern portion of the Village (Waterworks East) and the western portion and the applicable unincorporated area adjacent to the western border of the Village (Waterworks West) that is served by the water system (retained earnings at December 31, 1992 were \$3,909,087 for Waterworks East and \$5,537,828 for Waterworks West). The two accounting funds were set up in 1977 when the two private water companies serving the applicable western portion and unincorporated areas were, at the request of the residents, acquired by the Village for the purpose of up-grading the water quality in that area by replacing well water supply with Lake Michigan water supply that had been available to east Glenview since 1937. It was determined that the cost of amortizing the debt applicable to the acquisition of the two private water companies and constructing the necessary transmission main, storage and west system up-grading would be paid for by the customers of the west system. The use of differing rates continued until 1992 when a unified rate structure was put in place and the use of a minimum charge for water usage was eliminated. The two funds were combined in fiscal year 1993. A separate Sewerage Fund was created in fiscal year 1986 to account for the funds necessary to provide sanitary sewer service to both the incorporated and unincorporated areas served by the Village. Prior to 1986, these funds were accounted for in the two Waterworks Funds. The Wholesale Water Fund accounts for the sale of water to Citizens Utility Company for its service area outside the Village of Glenview. The North Maine Water and Sewer Fund accounts for all financial activity related to the Village providing water and sewer service to an unincorporated area southwest of the Village (formerly served by the North Suburban Public Utilities Company).
5. The Municipal Equipment Repair Fund is used to account for the costs of repairing and maintaining all Village vehicles.
6. Excludes the Village's Agency Funds.
7. The Escrow Deposit Fund is used to account for monies on deposit with the Village--the cost of public improvements to be dedicated to the Village must be escrowed with the Village and as payments are required for satisfactory work completed, monies are released to contractors. Interest earned on the escrowed deposits is retained by the Village and annually transferred to the General Fund.
8. Beginning in fiscal year 1993, the Library Fund was presented in the audit as a component unit of the Village because the Library possesses the characteristics of a legally separate government (separately elected 7-member board which annually determines its budget and tax levy).
9. The Village's Cash Control and Investment Policy was originally adopted on February 21, 1983 and was revised on March 15, 1985, January 16, 1990 and March 19, 1996.
10. Includes two new funds created in fiscal year 1999: the Glen Land Sales Fund (December 31, 1999 balance \$43,911,212) and the Village Permanent Fund (December 31, 1999 balance \$17,124,912). The Glen Land Sales Fund is used to account for gross land sales related to the Glenview Naval Air Base and the Village Permanent Fund receives from the Glen Land Sales Fund 20% of the gross land sales to be used for projects not related to the Glenview Naval Air Base.

FIXED ASSETS AT DECEMBER 31, 2000

	<u>General Fixed Assets(1)</u>	<u>Proprietary Fund Fixed Assets(2)</u>
Land and Improvements	\$ 6,143,853	\$ 302,851
Buildings and Improvements	14,286,458	446,954
Water and Sewer Systems	- 0 -	35,636,880
Equipment	8,648,664	2,741,595
Office Furniture and Equipment	1,854,600	18,672
Subtotal	<u>\$30,933,575</u>	<u>\$39,146,952</u>
Less: Accumulated Depreciation	- 0 -	(11,972,967)
Total	<u>\$30,933,575</u>	<u>\$27,173,985</u>

- Notes: 1. Fixed assets used in governmental fund type operations are accounted for in the General Fixed Assets Account Group rather than in governmental funds. All fixed assets are valued at historical cost or estimated historical cost if actual is not known. Contributed fixed assets are recorded at their fair market value on the date donated. Public domain (infrastructure) fixed assets including roads, bridges, curbs and gutters, streets and sidewalks, drainage systems and lighting systems have not been capitalized. No depreciation is recorded on General Fixed Assets. This table includes the general fixed assets of the Glenview Public Library.
2. Fixed Assets in the Proprietary Funds are valued at historical cost or estimated historical cost. Depreciation on all exhaustible fixed assets is charged as an expense against operations. Depreciation is provided over the estimated useful lives using the straight-line method.
