VEHICLE STICKERS NOW ON SALE AT LOWEST PRICES

Vehicle stickers for 1983-84 are now on sale at the Village Hall (upper level) during regular business hours, Mondays through Fridays. The new stickers are required for all vehicles — passenger cars, trucks, buses, motorcycles and RV's.

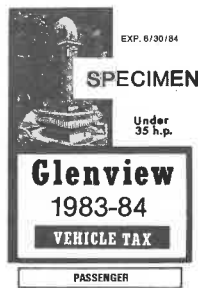

Preprinted forms were mailed in mid-May, and residents are still welcome to purchase stickers by mail. If any of the information on the form is wrong, please correct the form and return it to the Village Hall.

New vehicle stickers must be displayed on the **lower right-hand (passenger) side of windshields, no later than**

midnight, June 30. Police will ticket cars without new stickers in place by that time.

During the month of June only, stickers cost \$10 for cars under 35hp, and \$20 for cars over 35hp. Senior adults may license one car per household at \$3.75 (under 35hp), or \$7.50 (over 35hp).

**As of July 1, prices increase 25%.
As of August 1, prices increase 50%.**

New state law effective July 1

Child-restraint devices required

Parents (grandparents, guardians) of children up to age two must provide special child-restraint devices in their cars, if they intend to have the children as passengers.

Children aged three through five years old must be restrained either by a special device or by a seat belt.

The law goes into effect July 1, and will be enforced by Glenview police officers, as follows:

The first time a driver with an unrestrained child passenger is caught, a warning will be issued, and the driver told to provide a special device (or use the seat belt, in the case of three- to five-year olds) before carrying child passengers again.

If a driver is caught a second time not using child-passenger restraints, a traffic ticket will be issued. The driver will be subject to a fine of \$25, and ordered to produce a receipt showing that a child-restraint device has been purchased.

The law was passed because there have been nearly 4,000 child fatalities per year in the U.S. as a result of auto accidents. In two states (Washington and Tennessee), however, the injuries and fatalities to children were reduced as much as 90% after child-restraint laws were passed.

IMPORTANT NOTICE:

The Federal Department of Transportation has developed certain standards for child restraints, and the American Academy of Pediatrics has prepared a **SHOPPING GUIDE** for people seeking devices meeting these standards. Copies of the shopping guide are free of charge, at the Glenview Police Department, 1225 Waukegan Road. If you have questions, please call 729-5000.

Annual money-saving offer:

Sidewalk replacements at half price

The municipal code requires homeowners to maintain public sidewalks adjacent to their properties. To help defray the expense, the village pays half the cost of removing and replacing broken, settled or dangerous sections of public sidewalk.

A contractor is hired to provide and install the squares, and because of the volume involved the village is able to negotiate a favorable price.

This year the homeowner's share of replacing a 5-foot square is \$24.37.

Squares must be paid for at the time application is made.

The contractor will begin work in July, and applications must reach the Village Hall no later than Thursday, June 30.

Forms and checks may be mailed (or they may be dropped, without postage stamps, into the Drop Box outside the Village Hall).

Please make checks payable to the Village of Glenview.

June is Burglary Prevention Month

Village officials request cooperation

Burglary is the leading major crime in the U.S., frequently resulting in substantial loss of property. Burglary also constitutes an emotional infringement upon the privacy of its victims.

"Crime prevention is a team effort," says Glenview Police Chief David J. Kelly. "We want every resident of Glenview to join the team. Police efforts towards crime prevention are always enhanced by the understanding and cooperation of the public."

Chief Kelly is not making a theoretical statement: Burglaries in Glenview declined by 13% during 1982, due to the interest and cooperation of residents. Eleven Neighborhood Watch groups have been organized, with the help of the Police Department, and have proved their effectiveness in deterring crime.

The following homeowner groups are now involved in the Neighborhood Watch program: Hackberry/Glenview Road, Larkdale (the 2100 block), Bonnie Glen, Surrey/Windsor/Wagner, the North Glenview Mobile Home Park, the Canterbury Improvement Association, Valley Lo South, Tall Trees, Estate Lane, Valley Lo North, and Glenayre Park.

Information about Neighborhood Watch can be obtained by other residential groups interested in "crime-proofing" their neighborhoods by calling the Developmental Services Division, Glenview Police Department, 729-5000. Do it — it works!

To point up the importance of crime prevention, Village President Thomas E. Smith has issued a proclamation designating June as **Burglary Prevention Month** in Glenview.

If you do not live in a Neighborhood Watch area, the following tips from the Police Department are good ones to follow until your neighborhood joins the team:

Ask for a free security inspection

A FOUR-CONCERT SERIES to be presented by the Wilmette Community Concert Association includes pianist **James Dick**, troubadour **C. C. Ryder**, the **Amati Quartet**, and the **Nevada Dance Theater**. Concerts begin in October, and will be presented in the Regina Dominican High School auditorium, 701 Locust Road. For more information call Anita Margolis, 251-1633.

of your home or business. The Police Department has officers specially trained to conduct such inspections. Call 729-5000 for an appointment.

When you are at home, keep the garage door closed and locked except when it is actually in use. An open garage door is an open-house invitation to thieves. Keep your doors locked too — why make it easy for home invaders?

Whenever you leave the house, lock all the doors and windows. Outside doors should be equipped with deadbolt locks. Sliding glass doors should be equipped with one of the devices now on the market to prevent removal of panels from the outside. The ideal protection device for sliding patio doors has a lock and key.

Don't advertise vacations in advance. The more people who know you will be away, the more danger that your house will be burglarized.

Before you leave, go to the Police Department and sign up for House Watch, which alerts the beat officer to investigate if anything looks suspicious during your absence. Borrow timers, free of charge, for lamps to turn on and off automatically, making the house look lived-in.

Have the lawn mowed regularly, and ask a neighbor to pick up mail and papers. Nothing alerts burglars like uncut grass, a stuffed mailbox or newspapers lying on a driveway.

Have a neighbor keep an eye on things. Any police officer will tell you that a responsible neighbor is the best crime deterrent there is. (It's one of the prime elements of the Neighborhood Watch program.) You can watch your neighbor's house in return. If the neighbor is willing, ask him/her to hold a key to your house, park a car in your driveway occasionally, and put some garbage out on pickup days.

GLENVIEW YOUTH SERVICES needs volunteers for an expanded board of directors. The organization sponsors a variety of support services, including Befriend a Youth, in which adults (17 and older) provide big-brother or big-sister guidance. No experience is necessary; those with a desire to help young people should call 724-2620.
