Charles A. Goetz, Edward K. Patten, Thomas E. Smith

VILLAGE CLERK: Marguerite W. Center

VILLAGE PRESIDENT:

Paul H. Thomas

OCTOBER 1971

FALL LEAF COLLECTION

BURNING OF LEAVES, like burning of tree limbs, trash, garbage, or yard and household debris of any kind, is strictly prohibited in Glenview. This means that leaves must be packed in sealed bags and placed at the curb for removal from your property.

Use bags with a capacity of no more than 30 gallons for leaves. Place the sealed bags at the curb the night before collection day. No loose leaves, or leaves in containers other than sealed bags, will be picked up.

YOUR REGULAR WASTE DISPOSAL CONTRACTOR will pick up bagged leaves at the curb now, and will continue to pick up as many as four bags per stop during the peak period (last part of October and first part of November).

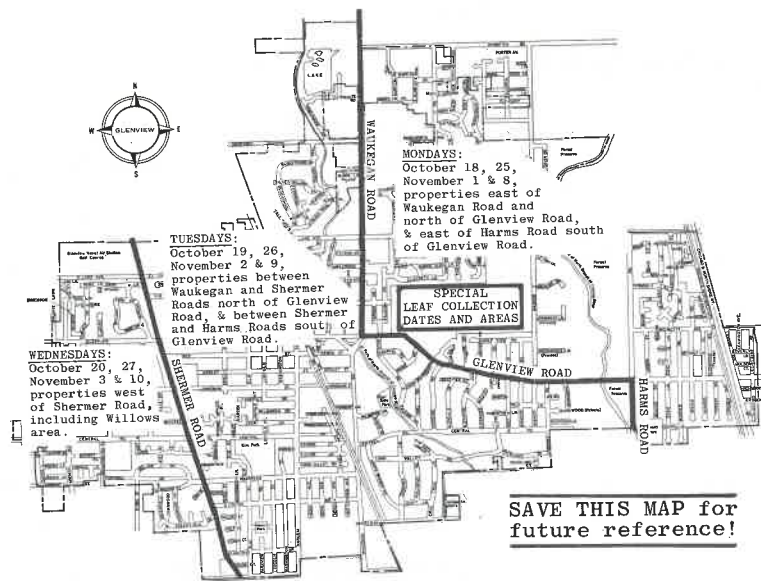

THE VILLAGE OF GLENVIEW has arranged again this year for SPECIAL LEAF COLLECTIONS during the peak period. Wherever you live in Glenview, you will have four Special Leaf Collection dates:

MONDAYS All curbsides east of Waukegan Road north of Glenview Road, and south of Glenview Road east of Harms Road. (See the upper right-hand portion of the map on Page 2.)

TUESDAYS All curbsides between Waukegan Road and Shermer Road north of Glenview Road, and between Shermer Road and Harms Road south of Glenview Road. (See the map on Page 2.)

WEDNESDAYS All curbsides west of Shermer Road. This includes western areas recently annexed to Glenview which do not show on the map on Page 2.

LAST FALL, with the use of a similar system, Glenview's leaf collection program was an outstanding success. You are to be congratulated for your fine cooperation with the Village in keeping our air clean.

ONE SPECIAL REQUEST: Parents are urged to educate their children as to the importance and seriousness of leaf collection, and explain that the breaking of plastic bags filled with leaves is not appreciated, either by the householder who has carefully raked and bagged them, or the Village authorities who are spending extra time and money to make our clean environment program work.

VILLAGE TO TAKE OVER RECLAMATION CENTER

As of November 1, the Village of Glenview will take responsibility for the recycling project located in the parking lot of the A-Mart, Glenview Road and Harlem Avenue. Manager ALICE REISS will continue to direct the highly successful program, which is now operating in the black. The young people currently engaged in operating the center will be paid by the Village of Glenview after November 1.

Incidentally, according to the state Land Pollution Control Office in Springfield, Glenview's reclamation center is the only village center in Illinois which accepts metal.

You are urged to bring your old newspapers and corrugated box material, cans, bottles and jars to the A-Mart site. Here are the rules:

- TIE NEWSPAPERS securely.
- FLATTEN AND TIE corrugated boxes.
- RINSE all cans, bottles and jars thoroughly.
- REMOVE THE ENDS from all cans except beer and pop cans.
- REMOVE PAPER LABELS from cans. Labels may remain on glass.
- FLATTEN CANS.

(You will be making an important contribution if you will also remove metal bands from bottles and jars.)

TERRY IS NEW
ADMINISTRATIVE ASSISTANT

JOHN TERRY, Jr. (right) is Glenview's new Administrative Assistant to the Village Manager.

Jack is a product of the graduate school of Public Administration at Northern Illinois University, and comes to Glenview from the City of Elgin, where he served as Administrative Intern.

He and his wife live in West Chicago, where Mrs. Terry is an elementary school teacher.

RECYCLED PAPER --
YOU'RE LOOKING AT IT!

Beginning with this issue, your Monthly Newsletter is being printed on 100% recycled paper.

In the weight of stock we must use for this self-mailer, no watermarked papers are available, but if you will compare this sheet with new white papers (or with previous copies of the Newsletter) you will see that it has a slightly grayish cast. Recycled paper costs no more than new, and we are happy to sacrifice a degree of whiteness in the interests of ecology.

THE MOBILE CHEST X-RAY UNIT will be parked at the Glenview State Bank, Pine Street and Glenview Road, from 1 to 6 PM on Thursday, October 21. Chest X-rays are a free service of the Tuberculosis Institute of Cook County, and the report that will be sent you is a valuable health and employment document. Every adult should have a Chest X-ray taken every year. Tell your family and friends.

ROOFING AND SIDING WORK being done by a contractor requires a permit from the Village Hall, and the contractor must also be licensed to perform work in Glenview. Persons not observing the law are being arrested.

A permit is not needed for ordinary repair work incidental to the upkeep of a building, provided no changes are being made in the building's structure. But if you are in doubt as to whether or not you need a permit, call the Village Hall, 724-1700, and talk with Glenview Building and Zoning Director GEORGE FOOSE.

FIRE PREVENTION WEEK

This year Fire Prevention Week (October 3-9) commemorates the 100th anniversary of the great Chicago Fire.

Glenview Fire Marshal KENNETH J. WOOD and Chief RICHARD BEILFUSS of the Glenview Rural Fire Department cooperated in the week-long celebration.

Each department holds programs at all Glenview Schools, visiting them with fire trucks and explaining fire safety to the children.

Smokey the Bear makes appearances at most Glenview Park District field houses for the benefit of pre-school children.

Both departments invite the public, adults as well as children, to Open Houses between 9 AM and 3 PM on Saturday, October 9. Firemen will demonstrate equipment, show interesting safety films, and distribute instructive safety messages. Drawings for prizes at both stations will conclude the day's events.

The Village Fire Station is at 1815 Glenview Road, and the Rural Fire Department is located at 3507 Glenview Road.

The two chiefs cautioned Glenview residents: "Every week should be Fire Prevention Week." According to Fire Marshall Wood, fires destroy or damage an average of 75 homes every hour of every day in the year, somewhere in the United States. Chief Beilfuss cited statistics that report 12,200 fire fatalities per year, with more than 6,500 of these fire deaths (one-third of them children) occurring in dwellings throughout the nation.

"Pre-planning home evacuation can save your family in case of fire," says Chief Wood. Chief Beilfuss concludes, "Fire drills are just as important in the home as those practiced by your children in the schools. After all, where do they spend the most time?"

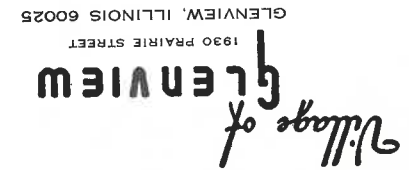

Glenview Firemen giving previews of Fire Prevention Week Activities.

SINCE YOUR LAST REPORT
The Glenview Board of Trustees . . .

- Referred to the Plan Commission for Public Hearing a petition from residents of Henley and Linneman Streets requesting that the neighborhood between Waukegan Road and East Railroad Avenue be rezoned from multiple family to business use. The Public Hearing will be held on Tuesday, October 26, at 8 PM in the Village Hall.
- Passed an ordinance permitting the Metropolitan Sanitary District to construct an interceptor sewer along Waukegan Road and the Milwaukee Road right-of-way south of Henley Street.
- Created a General Service District (B-3) to include businesses operating partially in the open -- such as used car lots, service stations and drive-ins. Such new uses may be permitted in B-2 zones as special uses, after a public hearing. Such existing uses are not affected.
- Passed an ordinance allowing front-yard fences and gatehouses in Industrial Zones.
- Agreed to take responsibility for Glenview's Reclamation Center for paper, glass and metal, as of November 1. (See item concerning this on Page 2.)
- Passed an ordinance allowing Senior Citizens (persons over 65 years of age) to purchase Village vehicle stickers (one car per household) at 50% of the annual rate. The regular fee for cars over 35 hp is \$15 per year, and under 35 hp \$7.50 per year. Senior Citizens will now pay only half that -- \$7.50 per year for cars over 35 hp, and \$3.75 per year for cars under 35 hp. (The 1972 stickers go on sale at the Village Hall November 15.)
- Authorized the design for the 1972 Capital Improvement schedule, which calls for paving Fir from Lincoln to Spruce, Grove from Elm to Spruce, Elm from Glenview to Fir, Lincoln from Prairie to Fir, Spruce from Glenview to Fir, and a water main on Spruce from Glenview to Fir. (The authorization means that engineers can now begin designing these projects.) Paving improvements are financed by Motor Fuel Tax income.
- Filed an official objection to proposed rezoning of 28 acres on Central Road (running through to Milwaukee Avenue west of the Central-Milwaukee intersection) from R-3 and R-4 (single family and general service business) to R-6 (multiple family), for eleven 8-story buildings with a total of 924 dwelling units.
- Filed an official objection to proposed rezoning of 5.77 acres on the east side of Milwaukee Avenue north of Moore Business Forms, from R-3 (single family) to B-5 (general commercial), for a motorcycle and sub-compact car dealership.

IN THE AUGUST NEWSLETTER we reported that Glenview had opposed rezoning for three development proposals -- the office-motel complex at Willow and Landwehr Roads, the Milwaukee Avenue apartment complex on Redemptorist Fathers property, and the shopping center at Willow and Pfingsten Roads. All three of the rezoning petitions have since been denied by Cook County, supporting our position.

POLICE AUCTION TO BE HELD ON SATURDAY, OCTOBER 23

Dispatcher-Clerk BARBARA STARZEC of the Glenview Police Department shows one of the 22 unclaimed bicycles to be auctioned to the highest bidders on Saturday, October 23. This one looks to be brand new, and is a real beauty.

Other found and unclaimed objects of value will also go on the auction block along with the bicycles.

If you have lost a bike or other object of value, please go immediately -- before October 23 -- and claim your property before it is sold at auction.

And if you want to buy a bike, be sure to attend the Glenview Police Department Auction at Police Headquarters, 965 Pine Street, at 10 AM on Saturday, October 23.
