APRIL 1968

ROTARY GROUP STUDY EXCHANGE

MARCH 17-23 WAS ROTARY Group Study Exchange Week in Glenview, when our town hosted 7 distinguished Rotarians from Taipei, Taiwan (Republic of China).

THE VISITORS were all business and professional men who are spending two months in north-eastern Illinois to study churches, courts, factories, police departments, schools and colleges, and other American institutions.

IN THE ABOVE PHOTO are William N. L. Chang, Paul C. F. Tsai, Charles J. H. Chang, Paul H. Thomas (Glenview Village President), and Robert C. Y. Ying, shown in our Village Hall upon presentation of official copies of the Proclamation making the week a special event in Glenview. Others who were members of the Taiwan delegation but who are not pictured here were Van K. C. Fan, Allen P. S. Huang, and George C. T. Lai.

THE MEN WILL REPORT their findings and impressions to fellow Rotarians at home. The program is one of the educational activities of Rotary International's unique person-to-person opportunities to promote better understanding and friendly relations among the peoples of the world.

HOSTS ARE AMERICAN Rotarians and their families, who are picking up the tab (everything except incidentals, of course). Glenview Rotarian Kenneth S. Ramsay, who arranged the details of the week in our town, says the program enables the visitors to study our way of life in the best possible manner. We were glad we could do our part.

GLENVIEW'S TRUSTEES AND STAFF enjoyed comparing notes with the guests. One of our policemen and a Taiwan police inspector talked at some length to try to determine how their jobs and their standards of living were the same, and how different. Glenview's officer asked whether, for example, the Taiwan police officer could afford a car. "Gracious, no! Much too expensive."

In that case, concluded our man, Taipei traffic is probably fairly light, and therefore more easily controlled than ours.

"Not so at all," replied the visitor. "Traffic in Taiwan is terrible! All you Americans driving cars all over it like mad!"

Here are the details about
GLENVIEW REFUSE COLLECTION SERVICE . . .

Glenview residents are served by five private waste disposal contractors licensed by the Village, each of whom serves a separate geographical area. You can find out which firm serves you by calling the Village Hall, 724-1700.

- * HOUSEHOLD WASTE is collected from waste containers at the back door, not at the curb. Household waste is defined by the Village Code as "garbage, refuse, ashes, tin cans, bottles, cartons, books, newspapers, boxes, and other household trash." Unusually large quantities or heavy weights of such materials as books and newspapers should be left at the curb, however, in order to facilitate their removal.
- * WASTE CONTAINERS are defined as cans of galvanized iron or other non-corrosive material with tight-fitting covers, and a capacity of not less than 10 gallons or more than 30 gallons.
- * RESIDENTS CONTRACTING FOR PICK-UP TWO OR MORE TIMES PER WEEK qualify for an unlimited number of waste containers of HOUSEHOLD WASTE, to be picked up at the rear.
- * RESIDENTS CONTRACTING FOR ONE PICK-UP PER WEEK qualify for no more than two containers of HOUSEHOLD WASTE, per pick-up.
- * REFUSE OTHER THAN HOUSEHOLD WASTE consists of grass clippings, hedge clippings and other yard debris. Tree waste cut up sufficiently to fit into bushel baskets, along with other yard debris, will be considered "yard debris", and will be picked up at no extra charge. You are limited to 5 bushel baskets (metal or wood), which must be placed at the curb or edge of pavement on regular collection days.
 - One "bushel" equals 8 gallons. If you exceed the 5-bushel limit per collection, you will be charged extra.
 - Do not put any grass clippings in household waste containers at the back door. Grass clippings are "yard debris", and must be set out at the curb.
 - Unacceptable containers for grass clippings include wheel barrows, grass catcher attachments, and containers larger than 30 gallons capacity.

* LARGE ITEMS OF FURNITURE AND APPLIANCES. These must be set out at the curb or edge of pavement on regular collection days. There is an extra charge of \$1 per cubic yard. For example, a normal size washer, dryer, hot water heater, or an arm chair will usually measure a cubic yard each, so they will cost you \$1 each. A refrigerator or a stove will usually equal two cubic yards and will cost you \$2 apiece. Please note that these charges apply only to items set out at the curb. If you expect the scavengers to carry something out there, you'll be charged extra for that.

* OTHER EXTRA-CHARGE ITEMS: Tree limbs, other than those cut up small enough to fit into bushel baskets, tree trunks, stumps, earth, and building debris.

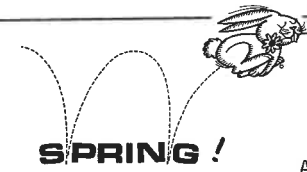

RATES (Effective April 1, 1968) ARE NOW AS FOLLOWS:

For ONE PICKUP per week	\$2.80 per month
For TWO PICKUPS per week	4.00 per month
For THREE PICKUPS per week	5.20 per month
LARGE ITEMS (see above explanations).	1.00 per cubic yd.

* * * * *

NOTE: Open burning of household waste is prohibited. Household waste may be burned in a fuel-fired incinerator located within an enclosed building, provided no smoke or odors result.

SURELY YOU'VE NOTICED that it's

SPRING! AND THAT MEANS the foliage will soon be out. It's a fine thing, and we welcome it

BUT please, in your admiration of spring beauty, don't fail to take into account that trees and shrubs grow bigger every year. Take a good look at your greenery as spring begins to bloom. Make sure none of it obstructs the vision of motorists.

MAKE SURE, too, that limbs or foliage do not grow out so as to cover signs or make them less noticeable than when they were erected. Look for such hazards especially at your driveway exit and at street corners.

CURRENT MAXIMUM FIGURE for "tavern" licenses in Glenview (these are Class A and Class B permits which include both pouring and package sales on premises) is now 12. The Board of Trustees upped it from 11 last month.

GLENVIEW, ILLINOIS 60025
1930 PRAIRIE STREET

GLENVIEW RESIDENTS MAY REGISTER to vote at the Village Hall on Wednesday, Thursday, and Friday, MAY 1, 2, and 3, 1968. On Thursday, May 2, the Village Hall will be open until 8 pm as an added service to those who cannot register at any other time.

PERSONS 21 YEARS OF AGE by June 11 may register to vote in the primary if they have been residents of Illinois one year, of Cook County 90 days, and of their precinct 30 days prior to June 11. Similarly, persons 21 years of age by November 5 who meet these residence requirements may register for the general election prior to November 5, whenever registration is open. (See final paragraph below for this information.)

AFTER MAY 3, registration can be accomplished only by going to the office of the Cook County Clerk, County Building, 118 North Clark St., Chicago, until Monday, May 13. After that, all registration is closed until after the primary election (June 11).

REGISTRATION REOPENS at the County Clerk's office in Chicago on Thursday, June 13. Between Thursday, June 20, and Monday, September 16, registrations will again be taken at the Glenview Village Hall. The last day it will be possible to register at all, if you want to vote in this fall's general election, is Saturday, October 5, at the County Clerk's office.
